RS Pro Bearing Grease – 137-2037

NSF H1 MULTI-PURPOSE BEARING GREASE

A multi-purpose bearing grease that is ideally suited to general bearing lubrication not subjected to extremes of operating requirements.

- NSF H1 registered (No.157743)
- Translucent NLGI type 2 grease; aluminium complex thickened
- Ideal for end-of-line conveyor lubrication and low-load drive motor bearings
- Operational Temperature range: -15°C to +135°C
- Pack Size: 380g Cartridge
