RS PRO Black Digital Desk Stopwatch

RS Stock No.: 235-5059

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

Introducing the three switch digital stopwatch from our trusted and reliable own brand RS PRO, a handy device used to measure time elapsed. This desk timer features three sockets, allowing the timer to be started and stopped externally with leads. This stopwatch also features three buttons, including stop or start, mode and a split, lap or reset option, allowing you to quickly and efficiently alternate with ease. The time is measured using a 1/100 second count up facility to 10 hours with lap and split options, including an accuracy within 0.5 second over a 10 hour period. This durable timer is enclosed in a tough wearing ABS case, ensuring protection in a range of environments.
