## RS PRO SPST Toggle Switch On-Off

RS Stock No.: 419-855

RS PRO Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO illuminated toggle switch features a black body with a green illuminated paddle when in the on position and is intended for panel mounting into a 20.2mm diameter cut out using the snap in quick connectors for easy installation. Designed in a latching action which means that once it is set to a position it stays in position and built with 4.8 x 0.8mm quick connect terminals for easy installation.
