## RS PRO Tin or Nickel Plated Copper Braid

REG. Nr 8319  
Approved to  
VG96936-10

Tested and certified to VG 96936-10A when supplied as Tin plated Copper version (-2/).

## Description

Screening braid provides exceptional protection for wire and cable harnesses from electromagnetic, electrostatic and radio frequency interference.

Available in either tin plated or nickel plated copper, providing optical coverage from 93% to 99%. Supplied on an internal former to aid installation and maintain the shape and form of braid in transit and prior to installation.
