- Versatile usage (commercial and domestic)
- Made of natural rubber and zinc-plated steel

# RS PRO Round M10 Zinc Plated Steel Anti-Vibration Mount 25-200Kg Compression Load 46mm dia. Natural Rubber

RS Stock No.: 126-3556

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

At first, this little inconspicuous Anti Vibration Feet might look reasonably simplistic. The power of this anti-vibration mount, however, is appreciated by many users worldwide.

We are proudly introducing RS Pro Anti-Vibration Rubber Feet suitable for isolating vibration from heavy machinery and acts as a levelling device for uneven flooring. Also available with stainless steel metal parts for use with food industry machinery.

The versatility makes Rubber Mounts perfect solution to absorb, isolate vibrations and prevent noise. The extensive range of Mounts we are offering, apply on a much bigger scale to address infrastructural concerns with industrial-sized machinery. By using the Mounts on the product that has contact with a surface, you can be confident that limited movement and noise is under control. The lifespan for these Rubbers is exceptional, which means this is a long-term investment. Anti-Vibration Mount protects not only the floor or machines, but they also safeguard people from a potential injury. Engineers have testified our range as giving comparable quality to that of the leading brands without paying a premium price.

## General Specifications

<b>Foot Shape</b>	Round
<b>Static Load Capacity</b>	25-200 Kg
<b>Material</b>	Natural Rubber
<b>Shore Hardness</b>	55 Shore A
<b>Metalwork</b>	Zinc Plated Steel
<b>Compression Load</b>	25-200 Kg
<b>Series</b>	FMM
<b>Mounting Type</b>	Screw-in
<b>Foot Colour</b>	Black
<b>Applications</b>	Heavy Machines Industry, Protect The Hardwood Floor

## Mechanical Specifications

<b>Thread Size</b>	M10
<b>Diameter</b>	46mm
<b>Foot Height</b>	15mm
<b>Overall Height</b>	16mm

## Operation Environment Specifications

Maximum Operating Temperature	+100°C
-------------------------------	--------

## Approvals

Compliance/Certifications	ROHS & WEE Compliant
---------------------------	----------------------
