### Product Description

## RS PRO Cylinder Lock With Keys For Use With Steel Enclosures

This durable cylinder lock from RS PRO is a high quality locking accessory that is ideal for use with steel enclosures, or other types of enclosures and cabinets with doors that require a locking system. The lock is manufactured with a combination of high quality steel and plastic, offering excellent durability and corrosion resistance. This enclosure door lock and cabinet lock also comes with two keys, ensuring you have a spare in case one is misplaced. The lock can easily be attached to a customised enclosure door, providing an extra level of security and protection.
