Product Description

Introducing the range of RS PRO Cup Washers, a high-quality fastener solution for covering nuts or bolts for safety or anti-tampering in a wide range of applications. Each fastener is made from steel and is available in either a plain, or hot dipped galvanised finish, making them much more cost-effective than their stainless-steel counterparts, while still offering a high level of protection against surface rust and oxidation.

Applications:

- Household applications and DIY
- Electronics and industrial manufacturing
- Construction and building
