- Scale graduations: 0.1 mm
- Rotating dial bezel

RS PRO 150mm Dial caliper 0.1 mm, Metric & Imperial

RS Stock No.: 841-2537

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO carbon fibre Dial caliper features dual scales with both metric and imperial readings of internal and external precision measurements. The adjustable mechanism has a convenient thumbwheel so you can accurately adjust the caliper to measure objects with ease. The calipers sliding surfaces are raised to prevent wear to the scale. Internal jaws, external jaws and a sliding depth rod provide four ways to measure.

General Specifications

| | |
|---------------------------|---|
| Caliper Type | Analogue |
| Imperial or Metric | Both |
| Display Type | Dial |
| Accuracy | 0.4mm |
| Resolution | 0.1 mm |
