RS Pro Straight 50Ω Panel Mount TNC Connector, jack, Solder Termination

Product Details

Nickel Plated

Brass bodied TNC connectors with PTFE insulators and gold plated contacts.

Bulk kit containing 100 RG58 straight plugs [546-5200](#) is available, making production and servicing much easier. Component parts are neatly stored in a sturdy dispensing case

Body Material	Nickel plated brass
Contact Material	Gold plated copper alloy
Insulator Material	PTFE
Working Voltage	500V peak
Proof Voltage	1500V peak
Temperature Range	-40°C to +155°C

Nominal Impedance	50Ω and 75Ω
Operating Voltage	500V rms at sea level
Contact Resistance	Outer : 0.2mΩ
	Centre : 1.5mΩ
Insulation Resistance	5000mΩ
Dielectric	PTFE
Centre Contact	Gold plated

ENGLISH

Specifications:

Gender	Female
Body Orientation	Straight
Termination Method	Solder
Mounting Type	Panel Mount
Body Plating	Nickel
Impedance	50Ω
Operating Frequency	0 → 11GHz
Contact Plating	Gold over Nickel over Copper
Contact Material	Beryllium Copper
