RS PRO 1/4 in Square Drive Breaking Torque Wrench, 0.2 → 2Nm

RS Stock No.: 663-881

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

From RS PRO, this torque wrench is compatible with 1/4 inch driver bits, and is designed to prevent over-tightening when fastening nuts and bolts. The tool applies a pre-set level of torque before 'breaking', preventing you from potentially applying too much force to a fastener.

General Specifications

Torque Range	0.2Nm → 2Nm
Drive Shape	Square
Drive Size	1/4in
