RS PRO Water Conditioner

RS Stock No.: 2499571

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Water Conditioners

28mm WRAS approved in-line water conditioner

Product Description

The purpose of water conditioners is to prevent scale adhering to heating elements and pipework within a water system without changing the chemical composition of the water. They are installed in a wide range of leisure, education, commerce and industry and include Universities, MoD, NHS, Gyms, Dairies, Care Homes, Manufacturing Plants, Leisure centres, Shopping Centres, Sports Stadia, etc.

- *They prolong the life of plant, reduce maintenance costs and downtime, energy efficient, cost effective and are suitable for all types of pipework.*
