

SOLAR DC WALL FAN W/ BUILT-IN BATTERY

Model: KMX-SWF16B

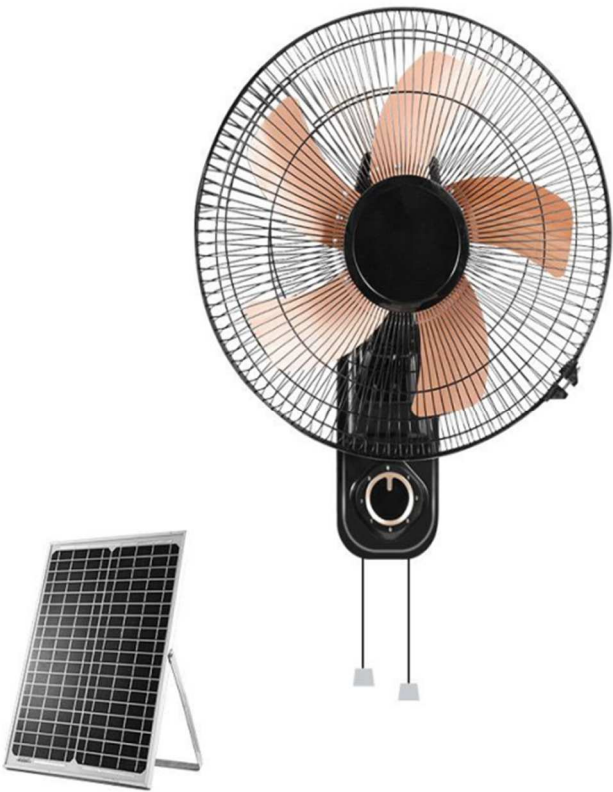

Our solar fan is designed for performance and reliability. Instead of flimsy plastic blades, our fans come with metal blades for more power winds. The battery is built right into the fan body, making it very compact and easy to install. Just fix it to any locations where ventilation and cooling is needed. No wirings needed. Just the sun. Perfect for rest areas and shelters.

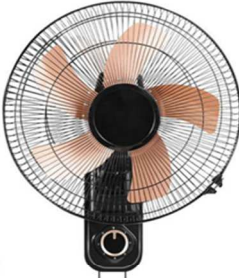

FEATURES

- Easy to assemble
- Lightweight
- Easy to transport
- Stable design
- Manual control rotating head
- Built-in battery
- Powerful metal blades
- Optional AC charging

TECHNICAL DETAILS

Model No.	KMX-SWF16B
Size	16inch
Power	23w
Solar Panel	Polysilicon Panel 18V 25W
Battery Capacity	18650 Lithium 8000mah 12V
Wind Speed Gear	3 Gear
Charger	12.6V 2A Adaptor Charger
Cable	10M DC connection cable
