## RS PRO USB Type C Male, Passive Stereo Headphones with Inbuilt Mic

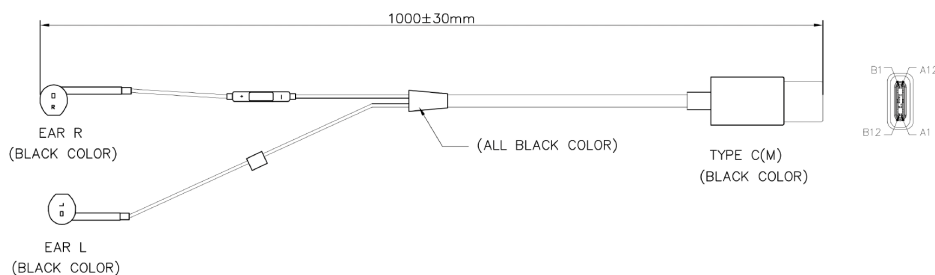

Stock number: 195-4876

EN

The RS-PRO USB type C male stereo headphones with an inbuilt microphone has a black PVC jacket on the cable flex and an outer diameter of 2mm.

With a trend in the mobile device industry of only having a USB type C port with no 3.5mm audio socket, USB type C ports are becoming more and more common.

These earphones are passive and do not come with an IC chipset, which means that they will work with devices that do not have a 3.5mm earphone socket. If your device has both a USB C and a 3.5mm port, then these earphones will not be compatible.

1. CABLE: (8/0.008BC)\*4C,OD=2.0±0.5mm,Black Color,PVC JACKET.
2. LENGTH: 1M.
3. CONNECTORS: EAR L\*1PCS EAR R\*1PCS,TYPE C M\*1PCS(SHELL NICKEL).
