RS PRO 300mm x 96mm G Clamp

RS Stock No.: 771-9348

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO G clamp is perfect for all your wood working and engineering projects. Due to the simplistic design, they are ideal for use almost anywhere. This RS PRO clamp is made from cast iron which ensures the excellent strength of this hand tool. The strong clamping spindle ensures the user has a firm grip on the G clamp, coupled with a wide clamping surface on the spindle and a long thread on the spindle bar ensures quick tightening. Different sizes are available depending upon your requirements
