

S2PB60T

TWIN CAVITIES STAINLESS STEEL FOOT PEDAL BIN

Optional: Add-on Recycling Label

(R)

(R1)

(R4)

Description

Classy rectangular fingerprint resistant, satin finished stainless steel foot pedal bin c/w plastic inner bin and soft closing lid.

Single pedal system enable user to lift the lid and discard wastes without actually touching it. Twin cavities fulfill your daily waste segregations needs.

Each bin is carefully packed in poly bag, protective form and carton box. Well and neatly packed for inland transport or export.

Optional: Brilliant colours and stunningly crafted graphics label (R1 or R4); pasted on the lid, instantly transform it into an attractive recyclable bin(s). Most ideal for hotels, showrooms, offices, pantries, toilet or in-house recycling programme, etc.
