Designed Without Limits

Fast Connections, Faster Growth

Just 1.1 miles from Junction 9 of the M27, the site allows for fast movement of goods between Southampton and Portsmouth, with direct routes to the M3, A3(M), and M25 for national distribution. Southampton Port, one of the UK's leading container hubs, is just 8 miles away, providing global shipping access.

Southampton International Airport, also 8 miles away, supports air freight and business travel. With Fareham Railway Station nearby for freight and commuter connections and the A27 corridor facilitating smooth regional distribution, this location puts businesses at the centre of a transport network that keeps operations moving efficiently.

For potential businesses, this means immediate access to an established network of suppliers, customers, and skilled talent - creating opportunities for collaboration and growth.

Built with the Planet in Mind

In today's business landscape, sustainability is more than a choice, it's necessary. Fareham Distribution Park is designed to help occupiers meet their ESG commitments through industry-leading environmental features. The development will incorporate energy-efficient buildings with high insulation standards, rainwater harvesting, EV charging points, and a significant provision of roof-mounted solar PV. With a focus on reducing operational carbon emissions and enhancing biodiversity, this site will ensure businesses can operate responsibly while benefitting from long-term cost efficiencies.
