Investing in the Wyoming economy, helping create economic growth and jobs

$3.8B

of economic activity: In 2025, Google helped provide $3.8 billion of economic activity for tens of thousands of Wyoming businesses, nonprofits, publishers, creators, and developers.

49,000+

Wyoming businesses: More than 49,000 Wyoming businesses used Google's free tools to receive phone calls, bookings, reviews, requests for directions, or other direct connections to their customers.

Alexis Drake, Cheyenne, Wyoming.

"Gemini has saved me hours setting up weekly marketing emails."

Google Workspace, Gemini, Google Analytics

Improving the lives of Wyomingites by investing in their citizens and communities

400,000+ Google Career Certificate graduates in the U.S. Google Career Certificates help learners get the hands-on experience and practical AI skills they need to stand out to employers in high-paying fields, such as cybersecurity, data analytics and project management. After completing a Certificate, program graduates can connect with 150+ top employers. 70%+ of graduates report a positive career impact within six months. Launched in 2026, the Google AI Professional Certificate supports U.S. small businesses by offering no-cost access to expert training that empowers them to master over 20 practical AI applications, such as data analysis and project planning to bridge the skills gap and drive economic growth.

17,000+ Wyomingites trained: Grow with Google has partnered with tens of organizations in the state to train more than 17,000 Wyomingites on digital skills, including organizations such as public libraries, chambers of commerce, community colleges, and more.

Helping Wyomingites when they need it most

$5M+ in Ad Grants to over a hundred Wyoming nonprofits: Since 2009, Google.org provided more than $5 million worth of donated search ads to Wyoming nonprofits through the Google Ad Grants program.

2,000+ volunteer hours: Since 2014, through Google.org, Google employees volunteered more than 2,000 hours with nonprofits and schools.

$1M+ of Ad Grants to nonprofits: In 2025 alone, Google.org provided more than $1 million worth of donated search ads to Wyoming nonprofits through the Google Ad Grants program.

Google.org pro bono support: As part of a Google.org Fellowship, a team of Google employees (software engineers, product managers, UXers, & more) worked full-time for six months with Rewiring America to build and launch the Incentive Calculator that enables residents in Wyoming to input a few household details and see the home electrification rebates and tax credits available to them, reducing emissions and empowering communities to adopt clean energy.

Partnering with local governments and academic institutions to help Wyomingites

State of Wyoming Employees Connected Across Multiple Agencies: Google Workspace enabled the State of Wyoming, the first state to fully adopt the platform and utilize all workspace tools to connect employees across state and local agencies. This allowed the consolidation of 13 disparate systems into one unified platform, and enhanced the overall security and accessibility of government operations.
