

## **A MESSAGE FROM THE ECHC CEO**

Thank you for your interest in working for Edinburgh Children's Hospital Charity. We are pleased to have this opportunity to expand our team and hope that you will consider applying to join us at this exciting time.

As you will see from our Strategy 2016-18 we believe that nothing should get in the way of being a child. We exist to transform the experiences of children and young people in hospital so they can be a child first and a patient second.

The next few years will see us increase the annual contribution which we make to children's healthcare in hospital and in the community. The new children's hospital opening in Edinburgh will require the very latest in enhancements, distractions and equipment; staff will continue to strive for excellence through training and research. We make it possible for these things to happen through the many grants we award each year.

To meet our four strategic outcomes we need a team with the drive, ambition and expertise to help raise the money needed to fund all our activities. If you think you fit the bill, then please do apply now.

In return we will offer you the chance to work in a supportive, fun environment with dedicated, encouraging and friendly colleagues; where imaginative approaches to transforming children's experiences are welcomed.

I wish you luck with your application.

Best wishes

Roslyn
