

EXTERNAL TRUSTEE RECRUITMENT PACK

Dear prospective candidate,

Thank you for your interest in becoming an External Trustee with Edinburgh University Students' Association. As a registered Scottish Charity, we have a strong and active Board. The Students' Association is a complex and dynamic organisation, and being able to understand and meet the needs of our c40,000 student members is our top priority.

Trustees play a vital leadership role at the Students' Association, ensuring that we are governed effectively; establishing and monitoring strategy; and ensuring we are true to our values, keeping our student members at the heart of everything we do.

This is a fantastic opportunity to be involved in the running of the Students' Association during an exciting period of change. We are currently in year one of a new Strategic Plan running until April 2025, which aspires for us to transform into a high performing students' union, highly valued by our members, with service transformation key to our future success. We have recently undertaken an organisational effectiveness review which has brought some structural changes. We are now planning for some extensive building and facilities changes over the next 5 years - our Trustees will play a key role in helping us to deliver the improvements needed to see our vision realised.

We are pleased to enclose an application pack, which sets out the particular skills and experience we require on the Board at this time. It should contain all the information you need about the appointment process and what being an External Trustee of the Students' Association involves.

We currently have one vacancy for an External Trustee, and envisage someone joining us in a shadowing capacity from the January 2020 Board meeting, to transition into the role. Full training will be provided. At this time we are particularly keen to meet candidates with commercial and financial insight and experience, given our varied services and sites and competitive landscape in the heart of the city of Edinburgh.

If you have any questions about the enclosed information, please email Sarah Purves (Director of Membership Engagement and People Development) at sarah.purves@eusa.ed.ac.uk.

Your completed application form should be returned to hr@eusa.ed.ac.uk no later than 10am on Monday 10th February. Interviews will likely be held in late February. Further details will be sent to shortlisted candidates.

Best wishes,

Andrew

Andrew Wilson

HOW WE ARE RUN

The Students' Association is a complex organisation – we are a charity, a membership organisation, and a company limited by guarantee. These structures all influence how we are run and operate as an organisation.

A Charity

Edinburgh University Students' Association is a registered Scottish Charity and as such is governed by charities legislation. This gives us a number of legal obligations, including specifying the way in which we are run.

A Membership Organisation

We are a student-led organisation with over 39,500 members. You will hear and see the phrase 'student-led' a lot. To explain, we are a membership organisation, so when students matriculate (register) at The University of Edinburgh they automatically become members of the Students' Association.

A Company Limited by Guarantee

In April 2014, the Students' Association also became a 'company limited by guarantee'. This is a structure widely used for charities, community projects, clubs, societies and other similar bodies.

Most companies limited by guarantee are not-for-profit organisations. In other words, they do not distribute any surplus or profit to their members but either retain them within the company or use

them for some other purpose. As the Students' Association is also a charity, we use any surplus income to run services for our members.

THE ROLE OF THE BOARD

As a membership organisation and a charity, there are structures which we legally need to have, including the Trustee Board. Under our role as a company limited by guarantee, our Trustees are also Directors.

The Trustee Board at the Students' Association has ultimate responsibility for ensuring good governance, and that the organisation has a clear purpose and strategy which it is fulfilling effectively. It is also responsible for the legal and financial health of the organisation, and sets future direction. As such, Trustees of Edinburgh University Students' Association are collectively responsible for the legal and financial health of the organisation and for ensuring good governance.

Trustees have, and must accept, ultimate responsibility for directing the affairs of the Students' Association, ensuring that it is solvent and well-run, and delivering the charitable outcomes for the benefit of the members for which it was set up.

The Board carries out some of this work by delegating responsibility to senior staff at the Students' Association, who report regularly to the Board. In this way, the Board retains oversight of all areas within its remit, but also has specific decision-making responsibilities on key aspects. Therefore, the focus of Trustee role is on the strategic direction of the Students' Association, as opposed to the operational management of the organisation, which is the responsibility of the Chief Executive and the Senior Management Team.

MEMBERSHIP OF THE BOARD

The Trustee Board is chaired by the Students' Association President, and includes:

- **Five elected Sabbatical Officer Trustees** (President; Vice-President Activities and Services; Vice President Community; Vice-President Education; Vice-President Welfare);
- **Four appointed Student Trustees**, to ensure the Board is sufficiently diverse;
- **Three External Trustees**, who are appointed based on skills, experience and abilities.

The **Chief Executive** supports the effective operation of the Trustee Board. The Students' Association's **Senior Management Team** also attend meetings of the Trustee Board, providing reports, information and advice as required.

TRUSTEE BOARD SUBCOMMITTEES

To ensure the Trustee Board can manage their business effectively, there are subcommittees which carry out different aspects of the Board's remit. Subcommittees includes sabbatical, student and external Trustees, with input from staff as appropriate. In addition to the Board meetings each year, Trustees are likely to participate in up to 6 further meetings of subcommittees per year.

These subcommittees deal with items cover a variety of areas, including:

- **Governance**
To ensure that the governance arrangements of the Association are effective and fit for purpose on an ongoing basis, and to identify opportunities to improve our governance.
- **Strategic Development**
To oversee the development and delivery of the Association's strategic plan; evaluate opportunities for change and development across all aspects of our provision (including commercial services); and ensure the Association's development is informed by relevant internal and external research, and insight from its members and other stakeholders.
- **Finance, Audit and Risk**
To ensure the Association is in sound financial health, analyses and manages risk effectively, and is legally compliant across all aspects of its operations.
- **People and Culture**
To oversee the development and implementation of HR strategy, policy and procedure relating to all staff and volunteers across the Association, and to manage the process of Trustee appointment and development.

On a day-to-day basis, much of the Board's responsibility is delegated to the Students' Association's senior staff, through a formal Delegation of Authority document which sets out the roles and responsibilities of the Board, its Subcommittees and staff. Senior staff report regularly on their areas of work at each Board meeting.
