

SONIC BOTHY

We are looking for a Treasurer to join our Board and support our organisation

ABOUT SONIC BOTHY

Sonic Bothy is an inclusive new music organisation that explores, composes and performs experimental and contemporary music. Our ensemble comprises musicians with and without additional learning support needs. We work across genres to develop new ideas and directions in collaborative composition and to create original new music, which we perform. In October 2019 we performed at the Tusk Festival in Gateshead, and were due to perform at the Gateshead Jazz Festival and Tectonics, Glasgow this year.

We also run creative learning programmes, which provide opportunities for musicians with additional learning support needs to collaborate in making original experimental music. For further information please see our website: <http://www.sonicbothy.co.uk/>

JOIN OUR BOARD

Sonic Bothy was constituted as a charity in 2015 and is in a period of expanding organisational capacity to meet its growing remit. We are seeking to expand our board in order to provide a broader range of support to the organisation and to allow some of our founding trustees to stand down or take on new roles. In addition to its governance and leadership role, the board has responsibility for the management and support of the small staff team.

We are currently looking for a new **Treasurer** to join our Board of Trustees to help guide and advise us on financial concerns. Preferably we would like someone who is a finance professional with an understanding of charity finance and how small charities operate within the confines of a restricted budget, but this is not essential. A passion for new music and previous board experience are advantageous but not essential. As well as advising the other trustees on financial matters, the treasurer may need to support staff from time to time and lead change / new initiatives to support better financial management.

We are also seeking to address an under-representation of people with lived experience of disability, and therefore would encourage applications from anyone who identifies in this way.

Please note that this is a voluntary, unpaid position.
