About Revive MS Support

In Scotland, there are more than 14,000 people living with Multiple Sclerosis, many of who are struggling to live their life well with numerous symptoms including fatigue, cognition impairment and physical disabilities.

This charity exists to improve the lives of these people and their families and since 1984 we have developed and expanded our service continually to meet the changing needs of our client group.

This organisation provides hands-on, practical and tangible help that makes an immediate difference to the lives of people living with Multiple Sclerosis across the Greater Glasgow area and beyond.

As with many organisations we are re-calibrating to adjust to the changes that have been brought by the Coronavirus pandemic, which has only increased the demand for what we offer to those living with MS.

Our 40th anniversary in 2024 is fast approaching, which gives us a huge opportunity to put 2020 firmly behind us, and to re-double our efforts in generating funds, raising our profile, and most importantly increasing the impact and reach to those living daily with a range of debilitating MS symptoms who most need this charity's support. The Fundraising Team plays an integral role in the organisation's growth.
