

Job Description

Community Links Worker Falkirk East and Falkirk Central.

2 new posts, initially funded for 12 months.

For over 50 years, Cyrenians has served those on the edge; working with those experiencing the causes and consequences of homelessness. We understand that there are many routes into homelessness, and that there is no 'one size fits all' approach to supporting people towards more positive and stable futures. That is why all our work is values-led and relationships-based.

Our Vision is an inclusive society in which we all have the opportunities to live valued and fulfilled lives. We work to make that vision a reality through our Mission to support people excluded from family, home, work or community on their life journey.

We aim to offer consistently excellent service across all locations and in all our activities. Our way of working is built on our four core values:

Compassion: We believe that everyone should have the chance to change, no matter how long that might take.

Respect: We believe in tolerance, acceptance, valuing diversity and treating each other as equals.

Integrity: We are committed to the highest quality of work, grounded in honesty, generosity, sincerity and professionalism.

Innovation: We are willing to take risks, challenge convention and be very creative in our search for new ways of working, in particular by taking account of the environmental impact of our decisions.

1 General

The Community Links worker programme is funded by Falkirk Health and Social Care Partnership's Integration Joint Board (IJB) and delivered in partnership with GP practices and the 3rd sector to support people to live well through strengthening connections between community resources and primary care.

We are looking to recruit to the post of Community Link Workers who will work in the GP practices in Falkirk East and Falkirk Central areas as part of the practice team and will provide one-to-one person-centred support to people in contact with the GPs.

The Community Link Workers will provide a person-centred service that is responsive to the needs and interests of a GP practice population who are affected by socio-economic deprivation. They will support them to identify issues that affect their ability to live well. Taking a person-centred approach,

the post holder will support individuals to help them identify personal outcomes and priorities that they would like to address, to overcome any barriers to addressing these and to link them to local and national support services and activities.

The Community Link Workers will support the existing GP practice team to become better equipped to match local and national support services to the needs of individuals attending for health care. They will also build relationships and processes between the GP practices and community resources, statutory organisations, other health services and voluntary organisations.

2 Tasks and Responsibilities

Supporting People

- Provide, through good conversations, a specialist and professional service to people who may be experiencing severe and multiple disadvantage and build non-dependant relationships with them.
- Enable people to identify personal goals and priorities to improve their health and wellbeing as well as implementing pathways to and from any relevant services.
- Implement effective pathways to access the service to ensure there are minimal barriers and appropriate timescales.
- Develop and maintain a knowledge of other local and national service providers to share with other practice team members.

Monitoring

- Collect data on any work done as part of the post.
- Record data in written and electronic form to suit the needs of the service and its users.
- Comply with organisational and legislative requirements in relation to the protection of vulnerable groups, such as Child Protection and Public Protection.

Training and Development

- Participate in the training provided in relation to the role and the wider organisation.
- Contribute to and, where appropriate, attend partnership meetings.
- Attend and participate in practice and Cyrenians team meetings and Cyrenians staff forums.
- Participate in regular support and supervision and annual review of performance and service.
- Any other tasks identified by the service manager/line manager as appropriate.

3 Person Specification
