Our Values

Home is the foundation of all of our lives, and we recognise the importance of a safe and secure home, and our responsibilities for the properties we manage. Our values underpin everything we do, and our day to day behaviours, as a team and as individuals, reflect these. They are:

How you feel is important to us.

We know that moving to a new home, or letting a property can be both exciting and stressful. We will always be a warm, friendly voice, providing straightforward help and advice. We are here to support you at every stage of your journey with us. We really want to help and we will want to make sure you always feel heard, respected and taken care of.

We offer real quality and our standards are high.

The quality of the homes we manage and how really matters. We want the level of service we offer and our attention to detail to be the best it can be. We are not perfect, but we try very hard! We aim high to inspire others to do the same too, and we never stop challenging ourselves to be better.

We know our stuff

We invest time and money in our training and professional development, keeping up to speed with current legislation, market trends and general business practice. We value and develop our community and industry networks to make sure we know what's going on and benchmark ourselves against others in the social enterprise and property worlds. We are always learning, and you can rely on us to apply that knowledge in our work with you.

We always do the right thing.

Everyone has different needs and opinions. We treat everyone fairly and we will work hard to find the right solution in any situation. And if we make a mistake, we will own it, put it right, no question, and learn from it.

We don't give up at the first hurdle.

When there is a problem, we will put time and effort into solving it. We will always go as far as we can to help you on a practical level, and we always have our thinking caps on about how we can make things better.
