**Who Cares? Scotland is Scotland's only national independent membership organisation for Care Experienced people. Our strategic vision is to secure a lifetime of equality, respect and love for Care Experienced people in Scotland.**

At the heart of Who Cares? Scotland's work are the rights of Care Experienced people and the power of their voices to bring about change.

We provide individual relationship based independent advocacy and a range of connection and participation opportunities for Care Experienced people across Scotland. We work alongside Corporate Parents and others to broaden understanding and challenge stigma experienced by Care Experienced people. We create opportunities for people with lived experience of care to influence policy makers, leaders, and elected representatives locally and nationally to shape legislation, policy and practice. We do this collaboratively to build on the aspirations of [The Promise](#) and secure positive change.

### Purpose of the post

The post is focused on supporting the facilitation of the participation and belonging programme for Care Experienced children and young people in Renfrewshire through the development of youth work activities. These activities will create new experiences where Care Experienced children and young people can connect, have fun, explore their care identity in a safe environment, and have a strong collective voice to support positive changes to the care system.

The post holder will create and facilitate opportunities for participation and belonging activities and projects with Care Experienced young people - whilst supporting a range of PR, awareness-raising events and other activities. Core belonging and participation activities will involve: fun connection and belonging activities, issue based group work; creative based group work; and focus groups, forums and events, both one-off and longer term in duration. The post holder will support volunteers and students on placement to utilise youth work and/or community engagement skills to undertake the role. It will involve working closely with organisational partners, different services within the Local Authority and other public services in order to create new opportunities or develop existing ones.

The post-holder will be joining Who Cares? Scotland at an exciting time, when the voice of those who are in or have experienced care is rapidly growing across Scotland - bringing with it insight, challenge, hope and change. They will be joining a growing and dynamic team.
