

## **Vision**

We are founded on the belief that all young people are brilliant, and that they all deserve the same opportunities to succeed in order to make their aspirations a reality.

## **Mission Statement**

We will journey alongside and offer support to young people who face long-term challenges due to poverty, disadvantage, and inequality in Glasgow and the wider area. We will build long-term trusting and respectful relationships with young people and their families over years, listening to their voices and being welcomed by them to offer support. We will be persistent in our engagement, love, and support, even and especially if it becomes difficult due the barriers they face. We will work alongside young people in their local settings and allow outdoor residential and wilderness experiences to help them soar.

## **What are the aims?**

We will provide an integrated model of support across 4 areas: Residential experiences, local community work, a young leaders programme and tailored individual support. Through these areas, young people overcome barriers by:

- Increasing their confidence and skills to take new steps and make positive decisions
- Creating a strong voice towards decisions that impact them
- Building resilience against adverse childhood experiences
- Gaining leadership skills and increasing prospects
- Improving physical and mental health
