

Job Description

Depot Operations Assistant

Cyrenians Good Food Programme

For over 50 years, Cyrenians has tackled the causes and consequences of homelessness.

We understand that there are many routes into homelessness, and that there is no 'one size fits all' approach to supporting people towards more positive and stable futures. That's why all our work is values-led and relationships-based. We meet people where they are, and support them towards where they want to be.

Our Vision is an inclusive society in which we all have the opportunities to live valued and fulfilled lives.

Our way of working is built on our four core values, which are at the heart of all our work and decisions:

Compassion | Respect | Integrity | Innovation

1 General

Cyrenians Good Food Programme is a social enterprise that supports people through access to food, improves their health and wellbeing, and develops skills and confidence around cooking. Based at our Jane Street depot in Leith there are three main strands to the programme, each offering a refreshing and innovative approach to tackling ill health and poor nutrition; and gives people facing issues with homelessness, addiction, repeat offending and mental health challenges a 'hand up and not a hand out'. These are:

Food Redistribution – as a regional centre of *FareShare UK* (covering Central and South East Scotland), we redistribute surplus food from all sections of the food industry to not-for-profit organisations that work with vulnerable people (such as homeless hostels, community groups and children's breakfast clubs)

Food Education – includes a variety of REHIS (Royal Environmental Institute of Scotland) course provision and provides classes with 'hands on' activities that encourage healthy eating and promote social inclusion

Volunteering: volunteers from all walks of life participate in the programme. We have opportunities to support those who are socially excluded, and many

of our volunteers have, or have had, personal experience of this. This is a critical and unique part of the programme that enables those who have received support to give something back to others.
