### Festivals and Events Manager

#### About Us

Glasgow Building Preservation Trust is a charitable social enterprise that works to rescue, repair, and restore historic buildings at risk across the city.

We are a strategic partner of Glasgow City Council and act as a key part of Glasgow's toolkit for the development and regeneration of the city's built heritage. We work in partnership with other charities and community groups to give redundant buildings a new purpose and return them to viable use.

We work closely with key funders, including National Lottery Heritage Fund, Historic Environment Scotland, and the Architectural Heritage Fund.

As well as saving some of Glasgow's most significant and well-loved buildings, the Trust also delivers heritage activities across the city, supporting communities to explore their local history and heritage often, but not always, in relation to building restoration.

As a company limited by guarantee with charitable status, we are governed by a Board of up to 12 voluntary Directors and (currently) a staff team of 5. The Trust's work is growing, and we will be adding further to the staff team in the coming months. The Trust is a membership organisation with around 120 members, although we have plans to grow this number substantially in the coming years.

Having brought the concept to the UK in 1990, we run the annual Glasgow Doors Open Day Festival in September each year, which attracts over 30,000 visits to over 200 events, including opening historic buildings, in-person, and digital heritage trails, talks and other activities.

This is the largest part of a family of Doors Open Days events taking place throughout Scotland co-ordinated by the Scottish Civic Trust and which in turn, with *Scottish Archaeology Month*, forms Scotland's contribution to *European Heritage Days*, a joint initiative of the Council of Europe and the European Union.

Glasgow Doors Open Days Festival is a prestigious event in the city's cultural and heritage calendar.
