

Assessment Performed by TAC Security

Application Name: [Email Meter](#)**Certification ID:** 46264040**Assessment Type:** Tier 2 ([Lab Tested - Lab Verified](#))**Issue Date:** 1/22/2025 11:17:48 PM**Assessment Status:** Complete**Expiration Date:** 1/23/2026

Statement of Validation

The purpose of this report is to provide users verification that [Email Meter](#) has successfully completed a Cloud Application Security Assessment (CASA), validating [Email Meter](#) **has satisfied CASA application security requirements**. In meeting these assessment requirements, Email Meter is **verified** to meet the CASA Tier 2 requirements.

The assessment was conducted by [TAC Security](#), an independent third party lab, authorized by the App Defence Alliance to conduct CASA security assessments.

About CASA

CASA is based on the industry-recognized Open Web Application Security Project ([OWASP](#)) Application Security Verification Standard ([ASVS](#)) to provide third-party (3P) application developers with:

- A basis for testing technical application security controls

- A consistent set of requirements for secure application development

- A homogenized coverage and assurance levels for providing security verification using industry-aligned frameworks and open security standards.

More information on CASA, including a complete list of CASA requirements is located on the [App Defence Alliance Site](#).

Assessment Scope

The assessment was conducted using CASA requirements. Please note that not all requirements apply to every application. Additionally, some applications may be validated for specific requirements based on pre-existing certifications that have been mapped to the CASA requirements. A list of mapped certifications and corresponding requirements can be found [here](#).
