FET 2017 FACT SHEET
FACULTY OF ENGINEERING STUDIES PART TIME

Programme Title | SAQA ID | NQF Level
---|---|---
National Certificate : Mechanical Engineering N4 to N6 | 66881 | 5
66960 | 5
67005 | 5

1. Type of Programme
- Part time
- National qualification

2. Description
This qualification is aimed primarily at giving the learner technical, theoretical knowledge, practical knowledge and workplace knowledge and skills required in their chosen occupational/vocational area. The design of the qualification is such that if taken sequentially with related N part courses i.e. N4+N5+N6, it enables learners to progressively obtain the National N Diploma once the required practical work component of two years, as required for Chemical Engineering, is completed. The qualification as a single entity has value in the workplace as it equips learners with vital knowledge and skills that enable them to be productively employed at entry level positions in an occupation. The qualification can be used for updating, upskilling and/or continuing education and training in related occupations.

3. Admission Requirements
N3: Engineering studies, or a Senior Certificate, or NSC with Mathematics.

4. Duration
The programme duration is three years part time with two years in-service training and tuition is face to face. Programmes are offered on Saturdays.

5. Study Guides
Study guides will be provided.

6. Pricing
Enquire at the nearest CTC campus for a current programme pricelist.

7. Additional Costs
Students must make provision for additional costs such as textbooks, stationery, examination rewrites and certificates.

9. Career Fields

Once you have completed National Certificate in Mechanical Engineering N6 at Central Technical College, you will be equipped to apply for the following jobs:

- Mechanical Engineer
- Design Engineer
- Materials Scientist
- Draughtsman
- Fabricator
- Process Controller / Technician

10. Certification

On successful completion of the programme, you will receive a National Certificate in Mechanical Engineering.

- NATIONAL N CERTIFICATE AT EACH LEVEL: N4, N5, N6
- NATIONAL N DIPLOMA (on completion of N4-N6 and two years of in-service training)

All examinations are National Examinations, set and administered by the Department of Higher Education and Training. Certificates and diplomas are conferred by the Department of Higher Education and Training. All qualifications are nationally recognised by industry and universities.

11. Further studies

Students may pursue further studies in the Engineering Faculty at a University of Technology.

Note:

- Number of modules for study - subject to choice of the individual student
- The duration for the completion of the National N Diploma (part time) is relative to each student
- Mode of instruction: Tuition is face to face
- Choice of modules to facilitate credits towards a qualification: National Certificate and/or National N Diploma
- Saturday classes: 08:00-14:00
