Data collection

We gather and handle only the data that you have entered on www.ledningskollen.se. Also, the access to this data is only accessible by authorised personal.

Name

This information is used by the coordinator to assign work orders to you in the app.

Email

This information is used to authenticate your login and to assign work orders to you in the app.

Data storage

The data is stored until it is relevant and up to date. At any time, you can contact us to delete data linking to you. We will ensure the safe deletion of your data.

Performance and crash reports

In order to be proactive with our support we gather crash and performance reports to provide bug fixes and performance improvements.

Device permissions

Location

This permission is required in order to show the location of the project site in relation to the user's location on a map.

Camera

The camera is used to document the work orders after completion. That is, to capture images of the spray-painted lines to indicate cable location.

Who can access this data?

We do not share your information with any third-party services.

Where is this data stored?

This data is stored within EU/EEA.

Your Rights

You have the right to contact us to know how we store and handle your data.

You have the right to ask for the data linking to your personal identity to be deleted. We will ensure the data is safely deleted.

Validity and updates

We continuously update this document to ensure it is up to date with data protection laws within the EU.
