ALBUM EPOCA[®]

MADE IN ITALY

Exhibit your art

With the new Album Epoca frames we have created an additional way to show those special moments in life. The professional photographer will be able to display the images on the wall or on a table thanks to the wide range of formats available. They will be able to show everyone their ability to capture emotions and turn them into unforgettable memories.

Discover all AE Frames products.

AE FRAMES

AE Frames collection draws inspiration from art and beauty. It is the result of a research on the new trends and design with the use of innovative materials.

Wood, iron, steel and acrylic are the materials that we chose from a modern point of view. AE Frames is the best choice to enhance your professional skills merged with an artistic flare: ART INTO ART.

Every single Album Epoca product is handmade with the excellence, quality and style of 'Made in Italy'. They have a modern flavor and an excellent quality/price ratio.

Prices always include the printing of your photo either on Metal Photo Paper protected by an acrylic layer for a shimmering glossy effect, on Matte Paper with Matte lamination to add brightness or on Canvas to obtain the artistic effect of a canvas painting.

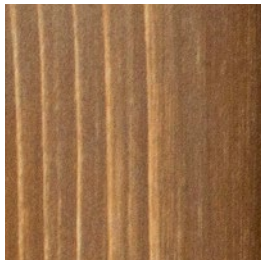

The printing quality is guaranteed by our labs.

Corten appearance metal

Elegant Corten appearance metal with rusty effect reminiscent of antique craftsmanship.

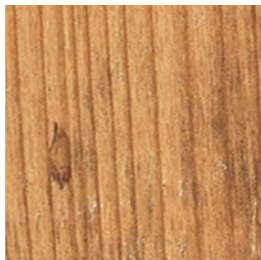

Wall Corten pp. 8-11
Tabletop Corten pp. 32-35

Old-looking fir

Fir wood finished with a refined treatment for a vintage look.

Wall Wood pp. 12-15
Tabletop Wood pp. 36-39

Aged looking fir

Fir wood exposed to an artificial aging process that makes it old-looking and rough to the touch.

Wall Wood Slats pp. 16-19
Wall Wood Baby pp. 20-23
Tabletop Wood Baby pp. 40-43

Acrylic satin

Matte black acrylic, modern and refined. Its satin surface is pleasant to the touch and softly reflects the light, avoiding fingerprints.

Wall Acrylic Satin pp. 24-27
Tabletop Acrylic Satin pp. 44-47

Aluminum clad wood

Aluminium profile covered by a thin wood foil in different color options. It is characterized by its lightness and by a simple, minimalist design.

Wall Aluwood pp. 28-31

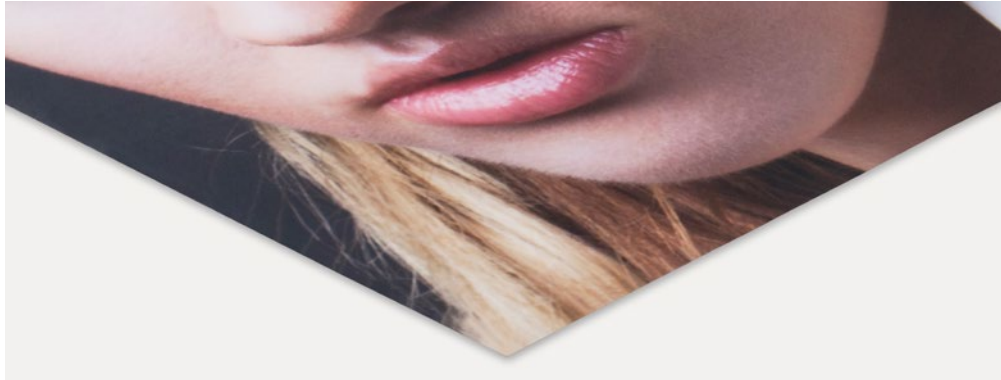

Multilayer

Strong and solid multilayered wood, either black or white tinted. It creates a structure that perfectly frames your images.

Tabletop Wood Box pp. 48-51

Print Options

AE Frames Collection

Matte photo paper Matte Lamination

Available for

Matte Photo Paper with matte lamination gives a smooth, velvety look to the images.

All collections

Its soft grain texture avoids fingerprints and has low light reflection, ensuring natural skin tones and colors.

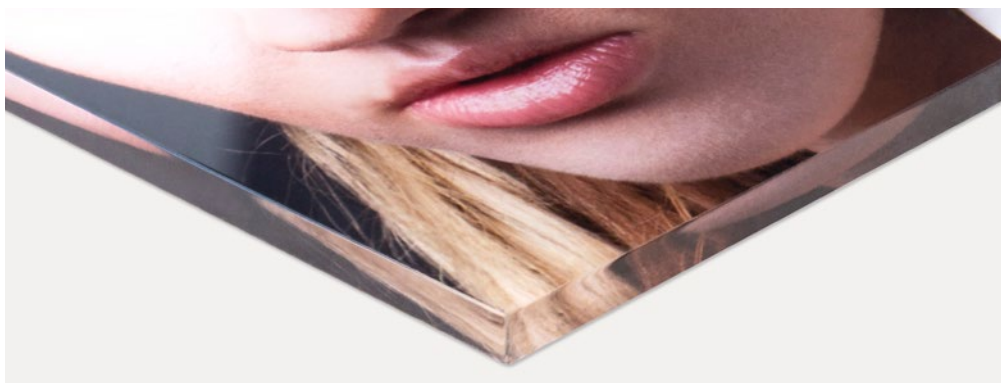

Canvas

Available for

The canvas print turns the image into a real painting.

Wall Aluwood

The artistic 3D effect reminds of canvas paintings and the precision of the prints allows us to accurately reproduce the details of the picture.

Metal photo paper Under Acrylic

Available for

Metal Photo Paper is protected by an acrylic plate that gives a glossy and shimmering effect to the pictures.

Wall Corten | Wall Wood | Wall Wood Slats | Wall Aluwood | Wall Acrylic Satin | Tabletop Corten | Tabletop Wood | Tabletop Acrylic Satin

The result is high sharpness with saturated, pure and bright colors.

AE Frames Collection

The metropolitan choice

A wall frame collection in light aluminum with a thin cladding in white wood, oak wood or charcoal.

It's easy to match with any interior design, especially with contemporary furniture where its essence is at its most intense. The subtle frame focuses the attention to the image enhancing your wedding or portrait photos.

The photo can be printed either on Metal Photo Paper protected by an acrylic layer for a shimmering glossy effect, on Matte Photo Paper with Matte lamination to give a soft touch or on Canvas to obtain the artistic effect of a canvas painting.
