Use

Product for making candles.

Properties

- Makes white candles that can be easily coloured.
- Gives a smooth, glossy surface.
- Good adhesion to glass, which can be improved by adding butters or other fats in small proportions.
- No shrinkage, no crystallisation on cooling.
- No unpleasant smell when burning or when extinguished; produces a very soft flame and a long burn time, depending on the type of wick used.

Storage

Protect from sunlight, dust and excessive temperatures. Store in cool, dry places.

Packaging
