

## etter to My Friends

Let Us Form a Circle of Parents  
for God

My dear brothers and sisters,  
What a beautiful voyage, what a fantastic  
adventure and enriching experience that we have lived together  
around this project of the Essene Nation. The results are  
more than positive:

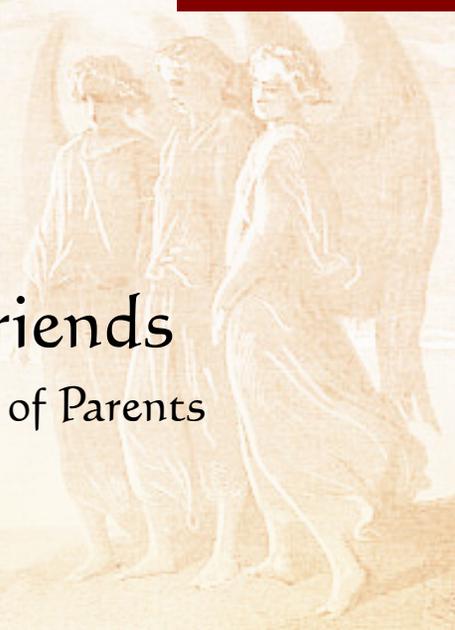

- the practice of the Round of Archangels;
- the writing of the Gospels;
- the Essene Villages;
- the tangible and rare teachings;
- the friendships, connections and community;
- the path of immortality and its projects;
- the births and accompanying the dying . . .

It is truly a whole world that has appeared, a whole story  
that has been written, one day after the other, from all our  
meetings and our associations.

The results are good, that is certain, and I congratulate  
you. This is our work and that of our Fathers the Archangels.

Today, we must close ranks, gather, get closer together in  
order to pass to a higher stage of our beautiful adventure. It  
is at the same time a conclusion, a happy outcome and a new  
start.

We must make the worship of the fire of the Light appear  
in the centre of the Round of Archangels. It is a whole world,  
it is the WILL OF GOD and it is obvious.

# Letter to My Friends

For this, as our Father Michael has said, we must put together a circle of sages, a circle of parents, that will take care of God who must be born in the centre of the Round of Archangels as a new humanity.

The brotherhood of the Cathars taught us the 2 consolamentums:

- the one of awakening, education and initiation;
- the one of the conscious and free commitment and immortality.

The time has come to make the commitment, marry with our soul and purely bring the Children of God into the world. We can do it together, each one at his own level.

*Be free from fear.*

*Be a mother for God.*

*May your thought be your Angel of blessing.*

*May war, confusion, ignorance,  
and indecision be no more.*

Let us unite and form the circle of parents for God in the Essene Nation.

Let us walk with God without hesitation, with clarity, beauty, honesty, freedom, will, while celebrating his Angels.

Commit, marry, build a home, create a family and open a path of immortality.

Support the work in a tangible way.

A whole world is going to appear, a whole wisdom, an art of living through the 2 statues of the worship of the Light.

It is now that we must support this work, consciously and in truth.

The commitment is simple: make a body for God through the concrete organization of the Essene Nation. We become the parents of God.

God manifests Himself through the statue of the worship of the Light, which stands in the middle of the Round of Archangels, surrounded by the whole structure of Light of the 4 Seals, the 4 Archangels, of the circle of the Angels and the holy assembly.

The 4 Archangels, our immortal Fathers, have transmitted the psalms to us to nourish God through the celebration of the worship.

We must make God appear in this structure, or let Him appear as the right idea, the right thought-form, the right feeling, the impersonal will and the right act.

We must make this structure of Light appear, which is God Himself-Herself, down into the concrete reality of the world of men so that all men can meet God, become aware of Him, be educated by Him, and consciously commit to Him, be educated by Him and consciously and freely commit to Him by the good turnaround of the heart.

My friends, my loves, the revolution is on the way and we must become the parents. This is the project. It is an eternal commitment that can only be made with your soul.

I speak to you and I say: "Come! Without any doubt, commit in the service of God at your own level."

It is not about taking like a child, but giving like a parent.

God, through the Essene Nation, is your child and by giving to God, you give to yourself. This is the consciousness and strength that the Light needs.

We always give to ourselves because everything ends up by coming back to us. Such is the law. So give yourself the best and take part in making God appear.

God needs parents that give themselves to Him so that he can be born, take a body and live with us.

God needs awakened, educated, conscious, responsible, audacious parents who will take care of Him and offer Him all the conditions so that he can:

- touch the world;
- appear by taking a body;
- be fed, protected receive all the conditions and the all the means to carry out His work.

He needs beings able to speak and act according to His will and His own being. This is our mission and our commitment.

As parents, we must:

- give a family to God: our holy assembly;
- give a house to God: the organization of the Essene Nation through the Round of Archangels;
- give warmth, protection and food to God: our practice, our individual commitment, our financing, our intelligence and our devotion.

The organization of the Essene Nation needs good management, good organization, a serene, loving, open and effective intelligence.

# Letter to My Friends

My friends, my loves, I am asking you to support me in this work and above all support the Angels, the Archangels, the Gods and our eternal and immortal Father-Mother.  
Thank you.
