## Letter to My Friends

Words of love....  
between men who awaken

### Celebrate Uriel's Mysteries and Presence

**M**y beloved of God,  
I am getting ready to leave for the land  
of the Maple Tree in order to celebrate our  
Father, the great Archangel Uriel.

Uriel appeared in the ethers of the whole Caribbean through the magnificent celebration of his sacred mysteries in Haiti. He also appeared in the garden of Light, on the other side of the river.

I have to tell you, eye to eye, that something is happening, that events of great beauty are taking place; they are connected with our work and the Essene Nation. With our years of intensive and almost permanent practice, a clarity has come into our holy congregation, an understanding just appears and we start to increasingly have the organs that make it possible to grasp the teaching of God in a right way.

Esotericism is the beauty of life, but its nature is to be hidden, subtle, beyond. To go into esotericism, you have to be initiated, educated and have the organs that authorize you to pass the doors and the privileged access to the heart of the worlds. We are there and that is why Archangel Uriel appeared in great glory above certain mountains in the Marvellous Valley during the celebration in Haiti. He wants to say to us that our beautiful community of souls is rising, that understanding, perceptions, realizations appear and all

Words of love between men who awaken

this gives energy to the Archangel, who can again live in the ethers of the earth.

Of course, this presence creates upheavals, resistance and this is why there is a lot of tension in the human world, for there are more and more who sense the Light and understand the dark side governs them. When the Light appears, the darkness is blinded and gets even more agitated.

Uriel is another dimension in the world and it is why I am talking to you about esotericism. The mystery is beautiful, great, noble, sacred, superior, divine, pure and full of wisdom and love.

A look, a silence, a word, a gesture is enough to pass through the door and be touched by grace, by the revelation of the mystery.

Uriel is a mystery of Light, a sacred esotericism that fills and raises our whole community of love. Get ready for it because it is coming.

The garden of God shines like a sun emerging from the earth and coming down from the stars. Everything is plenitude, greatness and perfection. If your door is closed, you will not see it, you will not feel anything and will not go into the current of the secret light of the blessed souls and the brotherhood of the invisible ones. This is and always has been.

Uriel is the king of kings, the king of the Light in the name of God. Not to see him is to sleep and get caught in the net of an illusion that seems real, but is not. If you awaken, you will come out of illusion like the flower that comes out of the ground and you will perceive the greatness of the sun, which unites the earth and the stars.

No man is separated from the earth and the universe, but if he does not perceive it, if he thinks he is alone in his world, it is just that he has closed all the doors and forgot about the noble path of esotericism. To be ignorant or to use the illusions is to be enclosed in a world that no longer knows how to commune with grandeur simply, naturally and kindly.

Uriel is the splendour of splendour. He is called the Without Equal, the Incomparable, the Unique. He is the glory and joy of God Himself. He is everything that God loves.

Today, he is happy with the Essenes, happy with you, with us and with the work we have done. I am talking about the whole work, for years, and of the last step: the Garden of Light. Through this garden, we are all connected, powerfully connected, and there are no more borders, distances and even time.

Uriel appeared in the garden of God, in the garden of the earth, and he blessed the Essene Nation and each of us.

If men do not know esotericism, if it has escaped them for centuries, those who like to capture and control everything, it is because this cannot be explained. How do you explain the spring wind, the heat of the summer sun, the fragrance of the apple tree in bloom, the coolness of water . . . ? It is lived and behind this, there are even bigger worlds.

My loved-ones, we are at this door. We are ready to recognize Uriel as the King of Light and to know him for who he is.

It is beautiful to recognize. It is rare, very rare.

To recognize is to know again. It is about remembering, it is re-kindling the flame of remembrance. "You, I know you, I recognize you." It means: "Before being born into a body, I knew you and now, I recognize you."

Have you recognized a being or something in your life and did you recognize yourself? Or have you passed the world without recognizing anything, by staying on the surface?

We are at the door of recognizing Uriel, our Father, for what he is: he is the land of Light, the Light that fills everything and governs by the obviousness of the great omniscient, omnipresent, omnipotent good.

God is the Good, the light of the Good.

Men talk about the good; they say they act in its name: "This is for the good. This is for your own good." But in fact, they do not know it or recognize it.

It is easy, very easy to talk about something without knowing it, to delude yourself and to remain deeply asleep while thinking you are awake.

Man is nothing, God is everything.

Uriel is the aspect of God that can be recognized, he is the door opening on esotericism and therefore on genuine awakening.

I come, my Loved ones, with all this Light to celebrate with you, in communion, the sharing and the love, the mysteries and the presence of Uriel.

I feel, I see you are awakening. It is a collective awakening and a union of a nation of souls with its God of love.
