BE PROTECTED AND PROTECT

HISTORICAL CONTEXT

The Garden of Light, Panama - July 24, 2019

Congress of the second initiation to the Mother

The first initiation to the Mother was inaugurated during the summer congress in the Garden of Light in 2018. This initiation consists of a week lived in contact with the Mother in the living nature, followed by an encounter with the Mother in her temple. She then indicates to the candidate the weaknesses and strengths of his 4 bodies and gives him his kiss. On this subject, see the study book *The Initiation to the Mother*. The second initiation is that of knowledge of self and transmission.

BE PROTECTED AND PROTECT

The passage through the veil of Louissette Étude was also a major theme of this congress. She died a week before the congress began and was the first among the Essenes whose bodies were watched over and buried in the Garden of Light in Panama. In the afterlife, she opened a path for all Essenes, becoming a passer. On this subject, see the Essene manuscript Departure of Sister Louissette for the Land of the Rising Sun.

God the Mother also addressed the subject of protection in the Essene manuscript You must learn to protect yourself, on September 15, 2018. See also the Essene manuscript How to Protect God the Mother, which reports a theurgic dialogue between Olivier Manitarra and the Angel of God in 2007.

MESSAGE FROM GOD THE MOTHER:

I protect you and I will protect you, for I have recognized you as my Children. I am talking about those who came to meet me and sealed the covenant with Me. I am talking about those who have recognized Me and who have cultivated a bond of intimacy and shared certain values with Me. These are my Children and I will protect them. I say clearly and officially that I will protect you, so that nothing and no one can hurt you.

Of course, there are worlds in which you should not go and intelligences that you should not frequent. If you call these worlds or provoke them, then, of course, it will be difficult for Me to protect you, but if you stay with Me and sneaky influences approach, visiting, to test the field and try to see if they can take advantage of you, be assured that I am here to protect you.

Protection is a fundamental virtue, it is a state of mind and an art of living. I would like you to have this wisdom acquired, for you too to cultivate this state of mind of being under protection and protecting.

If I protect you, you too must become protectors. I am a model for you, for I am life and you must learn to be like Me, one with Me, to know life and put it into

action in a just and good way.

If I protect you, you too, among yourselves, you must protect each other and implement this great wisdom of protection.

It is good to have this beautiful idea that nothing dark can stain your individual and collective life.

No one should hurt himself or anyone else.

In the face of evil, you must be vigilant, stay alert and not let it manifest itself.

Learn to step in, so that nothing gets through.

Do not let the bad word, the hurtful look, the disrespectful act pass by, but take care of the good and protect each other in order to remain in pure, living, harmonious and clear exchange.

Look for the unit that will unify you and set you up as an indestructible base.

Be so united in your community ties that nothing, absolutely nothing can interfere with each other, separate you, divide you to make the bad appear. May this clear and pure union allow you to protect the flame of God within each other and allow the Light to flow outside, between you, so that no darkness can remain. May the darkness be under your feet and may it be entirely at the service of your inner flame and your collective light. May they never interfere in your lives, push you to make bad decisions and lead you out of the territory of the Light.

Remember that the precious in life is the teaching and the land of Light. Remain in this and refuse to leave it.

I will protect you, and you too must make the decision to seek my protection and to accept it, and then to become protectors and guardians of the precious, even conquerors who extend the territory of the Light. Above all, you must protect from yourselves, protect your family, your community and cultivate the bond of love, the bond of living virtues that binds, that unifies.

Be together so that the strength appears and also the indestructible bond that I am. This is the strength of the forces and also the life and building of an empire.

BE PROTECTED AND PROTECT

May my words be heard and may they be in you as an absolute truth that illuminates your whole being and illuminates you.

If you are called «Essene», it is not possible to hurt each other. It's as if you were taking your child and destroying him. Such an act is inconceivable and must become obvious to every Essene and to the community. As I protect you, you must protect each other.

The science of protecting you and uniting you in the indestructible bond is very great, and will lead you very far in the realization of God's work.

Subtlety, delicacy, a loving look must inhabit you, even if not everything inside you is perfect.

Learn to observe and know yourself. Remember that you live with your family and that it is a place to live and learn.

You are a family, because you have the same Mother, the same Father.

I, your Mother, do not want any conflict between you. I want you to keep the bond of love and consciousness pure and to be united, unified.

I want you to be courageous, without fear, workers, builders, entrepreneurs and that you constantly make the territory of the Light grow.

I want you to show solidarity, to help each other, because it is not just a matter of preserving your little personal life. No, for that, you just have to go outside the Essene Nation. There, there are all the conditions for only living a personal life.

If you live together, you are in solidarity, you bring forth a common force that constantly increases the strength and brings forth the work that is spreading and spreading ever more.

Be together, realize together, grow together and share the values of the teaching of Light.

What I am telling you is not an abstract philosophy, but it is in reality that I want this art of living to appear.

ESSENE MANUSCRIPT

If you are in the Essene Nation or if you are here, on my land, in my presence, it is because you are brothers and sisters in the true sense of the word, a true family, a covenant of love of awakened souls. You have a Father and a Mother, an Angel and an animal and you are their children.

Understand this and be together in mutual support and living education.

You live in my house and you must adopt and respect these values which are mine and which I am teaching you. Protection is one of them.

My dear Essenes, may the protection be on you and on us. I will make sure to protect you, and you, protect the bonds that unite you and make you the great family on earth.

Olivier Manitará read and commented on this message in his conference of July 24, 2019, The Essene Nation has well-defined steps.

The Essene is a being who considers that he is on earth to train, to model himself, to ennoble his being and raise himself towards the higher worlds of light and wisdom.

The Essene Theological Academy was created according to the need of the international Essene community to receive an education, a training on the principles of Essenism: the art of speech, meditation, breathing, nutrition, the mastery of thoughts, moods, the art of movement . . . It is an overall training of man - body, mind and spirit - that does not give a certificate but offers keys to the mastery of the material world and the awakening of consciousness.

Transmitted by Olivier Manitarra, the manuscripts are available to all beings who want to develop their full potential as human being.

For the worship of the Light, it is the brotherhood of the priests of the fourth step who write the courses, for they are the guardians of this sacred teaching. In addition to the written courses, they also offer training sessions, where oral transmission allows going deeper and integrating the Teaching better. These trainings and courses are offered to those who have committed themselves to the worship of the Light to be parents of God. They are an essential foundation for the practice of the Worship.
