# BEAM TABLE

## Konstantin Grcic

---

Based on an everyday icon—the I-beam girder—the BEAM TABLE is designed to last a lifetime. Merging premium design with an industrial aesthetic and an undeniably strong presence, the table is equally at home in an artisan’s workshop, a gallery, a family home or a live-work space. The rolled steel i-beams that form the structure of the table are coated in a fine-textured powder coat in either jet black or red oxide and sit on adjustable round feet that help protect the ground beneath. Optional lockable swivel-castors allow the table to be easily moved, helping it adapt to many different uses. Solid-lipped table tops are available in oak veneer, a high-pressure laminate in black or in black Fenix, a heat-and-scratch resistant, high-end surface material.

### THE DESIGNER

Konstantin Grcic trained as a cabinet maker before completing his MA in Industrial Design at the Royal College of Art in London. In 1991 he set up his own practice in Munich. Since 2018 the office has established its permanent base in Berlin. Known for pared-down pieces, Grcic is often called a minimalist but he prefers to speak of simplicity.

# General Information

IMPORTANT, RETAIN FOR FUTURE REFERENCE: READ CAREFULLY

DESIGN  
2019

DESCRIPTION  
Table

MATERIALS  
Steel, timber, fibreboard, high pressure laminate, oak veneer, lacquer

DIMENSIONS  
L2400mm × D1000mm × H740mm  
L2400mm × D1000mm × H1100mm  
L3000mm × D1000mm × H740mm  
L3000mm × D1000mm × H1100mm

## INSTRUCTIONS OF USE

This table has been tested to Table B.1 Level 2, "General Use".  
Appropriate applications include general hotel spaces, cafés, restaurants, public halls, banks, bars, meeting rooms, churches, or libraries.

## INSTRUCTIONS FOR CORRECT INSTALLATION

Always use a minimum of three people when assembling this table.  
Always be mindful of the weight of this piece and take the necessary precautions to avoid harm.  
Always use a qualified person for the installation.

## NOTE!

Damaged parts of the furniture should be exclusively replaced by the manufacturer or a qualified person. E&S declines all responsibility for products that are modified.

## REQUIRED FOR INSTALLATION

M8 Allen Key

M6 Allen Key

4x M8x16mm

16x M6x16m

# Installation

1. Unpack all components and fixings.

2. On a soft surface such as a rug or a large cardboard, connect one side leg to the central beam using the M8x16mm countersunk Screws (A).

3. Repeat this step on the other side (B).

4. Three people are required for this step. Two people should lower the tabletop slowly onto the assembled frame (C), while the third guides the legs to their recessed positions from underneath (D).

- 
5. Fix the leg plates on-top the tabletop using M6x16mm screws (E).  
Do not over-tighten.
- 

- 
6. Review the stability of the table, and adjust the feet if necessary (F).
- 

**7. FOLLOWING STEPS FOR CABLE MANAGEMENT LEG GULLY OPTION ONLY**

Drill the 2mm pilot holes on the underside of the tabletop in alignment with the frame. (G)

(!) IMPORTANT Ensure holes are drilled 20mm deep. (H)

**8.** Place the cables into the clips (I) and screw to the tabletop. The clips can be tightened by screwing through the second hole on the clip (J). Route the power cables from the power unit along the underside of the tabletop and down the leg.

**REQUIRED FOR INSTALLATION**

Combi drill

2mm Drill bit

3x Cable Clips

3x PH Screw  
2.5x20mm

1x Leg gully

---

9. Install the leg gully over the cables by attaching it to the side of the leg (K).

(!) Ensure the cable is fully within the gully when attaching.

---

# Care & Maintenance

---

## CLEANING GUIDELINES

Clean with a soft dry cloth.

Do not use alcohol, polishes, abrasives or any solvents to clean the product, as they may damage the material. This product is for indoor use only.

## GENERAL MAINTENANCE

Every six months review the stability of the table and re-tighten any loosened screws.

Never over-tighten screws as this may damage the thread.

Fenix is a self-healing material and minor scratches can be easily repaired.

Contact Established & Sons for further instructions.

# About Established & Sons

---

Established & Sons is a British brand representing all that is innovative in contemporary design. By supporting the best creators of our time, it has built a collection for people who are passionate about design, presenting imaginative products with style and personality.

Designers and artists are afforded the freedom to explore their own language, advancing pioneering ideas that deliver exceptional furniture and lighting collections. Combined with Established & Sons' commitment to skilled craftsmanship and cutting-edge manufacturing techniques, this produces intelligent designs that are at the same time diverse in the extreme and united in their quest for the extraordinary.

The Established & Sons collection includes some of the most important examples of 21st-century design. Many of the pieces have been acquired by international museums, galleries, institutions and private collections.
