# CRATE CHAIR

## Jasper Morrison

---

Featuring an elemental, bent tubular-steel frame with spun nylon feet, the Crate Series No.10 chair is the latest and tenth design of Jasper Morrison's series that started with his appreciation for a simple wine crate.

Based on this familiar, found object, the Crate Series has developed over time to become a fully-fledged collection of furniture that riffs on utilitarianism and standardised design. The tenth addition to the series, or Crate Chair, is an evolution of the eighth design, or Low Chair, from 2008.

### THE DESIGNER

Morrison launched his first studio in London in 1986 after studying at Kingston University and the Royal College of Art and rapidly established himself internationally with installations at the Documenta art exhibition in 1987 and at the DAAD Gallery during the Berlin Design Werkstatt in 1988. He has since been invited to design everything from trams to tableware, and his work is among the collections of the world's leading museums. Morrison's interest in archetypal objects led to a partnership with Japanese designer Naoto Fukasawa in 2006 on the seminal Super Normal exhibition and the accompanying manifesto – the first of a number of publications celebrating everyday objects. His retrospective exhibition, Thingness, opened at the Grand-Hornu in Belgium in 2015 and is currently touring Europe. Morrison now divides his time between studios in Paris, Tokyo and London.

## CLEANING GUIDELINES

Upholstery cover: vacuum frequently, ideally every week, at half power. Dust can be removed by brushing with a garment brush. For stains consult professional upholstery cleaner.

Powder-coated steel frame: the chair frame should first be dry dusted with a clean lint free cotton cloth. If wet cleaning is required then the item should be cleaned using a soft, slightly damp sponge with a mild detergent and water solution. It then must be immediately cleaned again with a soft dry cloth.
