**Care & Maintenance**

Clean with duster. Use a lint-free cloth with warm soap foam for tougher stains. Avoid abrasive solvents, as they may damage the material. Apply a layer of natural beeswax polish once a year with a natural lint-free cloth. Pine is a natural soft wood, keep away from heat sources such as radiators or electric heaters, as repeated changes in temperature and humidity can cause the timber to warp.

**Notes**

Stable, strong and durable. Suitable for general contract use. Not suitable for outdoor use. Avoid contact with heat sources.
