Care & Maintenance
Clean with duster. Use a lint-free cloth with warm soap foam for tougher stains. Avoid abrasive solvents, as they may damage the material. Apply a layer of natural beeswax polish once a year with a natural lint-free cloth. Pine is a natural soft wood, keep away from heat sources such as radiators or electric heaters, as repeated changes in temperature and humidity can cause the timber to warp.

Packaging Type
Timber crate, polystyrene, bubblewrap, polythene on pallet
