FEZ SIDE TABLE

DESIGNER	Nao Tamura
DESIGN	2026
TYPE	side table / accent table
DESCRIPTION	Sculptural side table with oval iron top and conical iron base

The FEZ Side Table draws its name from the iconic fez hat — a form defined by its confident geometry and cultural resonance. Conceived by Nao Tamura, the table distils a bold conical silhouette into a refined domestic object. The powder-coated iron construction lends weight and permanence, while the considered proportions allow the piece to function equally as a sculptural accent or a practical surface. Offered in an edited palette of matte finishes, FEZ invites arrangement — a single statement or a composed grouping — bringing a quiet theatricality to any interior.
