

LAYUP LOUNGE CHAIR

Nathan Martell

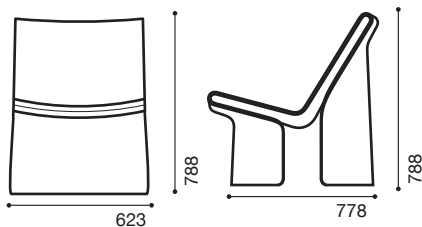

Type: Seating

Design: 2026

Designers: Nathan Martell

Nathan Martell (b. 1985) is an independent industrial designer based on Vancouver Island. With a focus on furniture and domestic objects, his work commonly explores themes of modularity, standardization and industrially driven craft.

The Layup Lounge Chair explores the evolving possibilities of 3D veneer forming, continuing to push the limits of wood bending. Its complex, multi-part molded veneer construction is seamlessly joined into a singular sculptural form.

Care & Maintenance

Clean surfaces with a soft, dry or slightly damp cloth and wipe spills immediately. Avoid abrasive cleaners, excessive moisture, and harsh chemicals. To preserve the finish, keep away from direct sunlight, heat sources, and high humidity. For upholstered versions, vacuum regularly and blot spills promptly with a clean cloth. Professional cleaning is recommended when needed. Regular care will help maintain the chair's appearance and performance over time.

Notes:

Designed for indoor use only. Ensure this item is kept upright at all times during handling and transit. When handling the piece, we advise that all jewellery, watches etc. are removed to avoid scratches to the veneer surface. Keep away from heat sources such as radiators & fireplaces. This piece should not be exposed to direct sunlight or high humidity. We recommend that fixings and joints are checked periodically to ensure stability.
