

MARK LIGHT (220/240V)

Martino Gamper

Type
Suspension Light

Design
2023

A Venetian, mouth-blown glass suspension lamp accented with vibrant colours providing a diffused light. Produced by traditional Murano glass-blowing techniques, the opal glass shade features colourful glass rings carefully applied by hand during the blowing process. The pendant light is finished with acrylic and steel fixings and a fabric cable, while an adjustable steel suspension wire with screw mounted fitting and positioning bar ensures the pendant balances evenly. This artisanal, handmade light was born from an original design created by Gamper for the Marksman restaurant in East London
