STACK

Raw Edges/Shay Alkalay

STACK

Raw Edges/Shay Alkalay

Challenging the conventions of a traditional drawer unit, Stack consists of individual, multicoloured drawers that appear suspended above one another and open in both directions, creating an irregular composition.

THE DESIGNER

Design duo Shay Alkalay and Yael Mer set up Raw Edges, a London-based design studio, after both graduating with a Masters in Product Design from the Royal College of Art. Yael's main focus includes turning two dimensional sheet materials into curvaceous functional forms, whereas Shay is fascinated by how things move, function and react. Alkalay and Mer have received several highly respected awards including The British Council Talented Award, iF, Wallpaper* Design Award 2009, Elle Decoration International Design Award in 2009 and the 2009 Designer of the Future Award from Design Miami Basel. In recent projects Endgrain and Herringbones, the duo have experimented with colour, using the grain of the wood to carry the dye through the timber. In 2015 the Stack-Up Series used many different materials, textures and colours to present new unique bespoke editions of the design. Alkalay's Stack is included in the permanent collection of MoMA in New York.

General Information

IMPORTANT, RETAIN FOR FUTURE REFERENCE: READ CAREFULLY

DESIGN
2008

DESCRIPTION
Storage

MATERIALS
Birch plywood, fibre board, steel, lacquer

DIMENSIONS
8 drawers: H1080mm × L565mm × D615mm
13 drawers: H1780mm × L565mm × D615mm

COLOURS
Blue, green, neutral, red, wood veneer

PLEASE READ
Established & Sons disclaims any responsibility deriving from incorrect use STACK.
Please read these instructions in full prior to handling.
Keep these instructions for future reference.

NOTE
This is a heavy item!
We advise a minimum of 4 people are available for installation.
Ensure this item is kept upright at all times. DO NOT tip!
Take care to protect floor surfaces during location as metal and wooden parts could damage floor surfaces.

REQUIRED FOR INSTALLATION

Phillips-head drill

Flat-head screwdriver

4 People required

Installation

1. Unpacking should be carried out near to its final location.
Ensure enough space is cleared in advance.
Carefully unscrew the crate fully (A).
Remove all panels & place away from the unpacking area.

2. Remove polystyrene boards that are used to protect the piece within the crate (B).
WARNING! DO NOT remove the remaining shrink & bubble wrap packaging until in position on the floor. This will help keep the drawers secure when handling.

3. 2 people at the base and 1 supporting the top of the piece to prevent tipping. Carefully lift from under the bottom white drawer panels (C). The remaining person should quickly remove the base of the crate from underneath (D). **WARNING! DO NOT** lift from the side coloured panels (E). **WARNING! HEAVY ITEM**, there is a risk of injury if handled incorrectly.

4. Carefully remove remaining packaging foam & bubble wrap. **DO NOT** use a knife, open with care. Remove the lid of the top drawer (F). Remove the internal polystyrene by pulling the tab up (G). Replace the lid.

-
5. Access to the bottom drawer (H).
There are 4 white screw caps on either side.
Remove the 2 screw caps nearest the sides (I).
Repeat procedure on the opposite side.
-

-
6. Using a flat-head screwdriver, turn CLOCKWISE to lower the castor wheels (J).
Turn each wheel the same number of turns to ensure stability.
NOTE. Only extend enough to allow the unit to move freely on the floor.
DO NOT extend the castors fully as they will leave their housing.
The screwdriver must be large enough to drive in an M10 screw.
-

7. Manoeuvre carefully into final position.
Turn the screws COUNTER-CLOCKWISE to raise the castor wheels (K).
Replace the white screw caps (L).
STACK is now permanently positioned.

Handling Instructions

USER INSTRUCTIONS

When handling the piece we advise that all jewellery, watches etc. are removed to avoid scratches to the surface.

The product is not suitable for outdoor use.

Hot items should not be placed directly on the surface.

Keep away from heat sources such as radiators & fireplaces.

This piece should not be exposed to direct sunlight.

Do not overload the drawers. Max 5kg per drawer.

Ensure weight is evenly distributed in each drawer. Do not place heavy items on one side of the unit only.

Be careful not to trap fingers whilst operating the drawers.

Be aware of others using the unit at the same time as injuries could occur.

Do not allow children to operate the drawers or leave them unsupervised with the unit.

We recommend that fixings are checked & tightened periodically to ensure all drawers are secure.

For major maintenance or repairs, consult the retailer.

Once the product or its components are no longer required, please make sure that they are disposed of correctly.

IMPORTANT

Please retain the crate for any future transportation or longterm storage.

ATTENTION!

Never attempt to lift the Stack by the coloured panels. This may seriously damage the piece!

DO NOT tip! Ensure this item is always kept upright.

DO NOT use a knife to undo the internal wrapping. This could scratch the drawers inside

About Established & Sons

Established & Sons is a British brand representing all that is innovative in contemporary design. By supporting the best creators of our time, it has built a collection for people who are passionate about design, presenting imaginative products with style and personality.

Designers and artists are afforded the freedom to explore their own language, advancing pioneering ideas that deliver exceptional furniture and lighting collections. Combined with Established & Sons' commitment to skilled craftsmanship and cutting-edge manufacturing techniques, this produces intelligent designs that are at the same time diverse in the extreme and united in their quest for the extraordinary.

The Established & Sons collection includes some of the most important examples of 21st-century design. Many of the pieces have been acquired by international museums, galleries, institutions and private collections.
