SURFACE CHAIR

SURFACE CHAIR

Terence Woodgate/ John Bernard

With an almost impossibly thin profile, the Surface Chair is made from carbon fibre, using cutting-edge technology developed by Formula 1 racing engineers to create a seat with perfect proportions and seamless surfaces. Defining the ultramodern aesthetic it is hard to see how the design could be surpassed as the purest, most refined archetype.

THE DESIGNER

A modernist at heart, Terence Woodgate is known for his simple, thoughtful and understated designs. Woodgate works from his studio in the UK where he continues to seek ways to distil the essentials of design. John Barnard is one of the most innovative racing car design engineers of his generation. Uniquely he has been technical director/ chief designer at both Ferrari and McLaren.
