With its tactile, PVC dipped polymer the Torch Light reveals its references to the shape and material of the typical torch, while the diamond-textured diffuser cleverly references the glass of a car headlight. It’s easy to create a fun, vibrant look by combining different colours and sizes within the same space or to state your style by choosing the Torch Light bunch, an ultra-modern feature chandelier. Heroic in black or red, quiet and calm in cocoa grey and signal grey, bespoke drop heights provide architecturally bold pieces for double or triple height ceiling spaces.
