

REUNITED

ALLIViate PAIN WORLDWIDE

THE PROBLEM

Missing people
shatters lives,
families &
communities.

HELP US **FIND US**

RELISHA RUDD

WHO ARE WE MISSING?

- Wars & conflicts
- Human rights abuses
- Natural & manmade disasters
- Organized crime
- Trafficking
- Drug related violence
- Migration

recuerdo a los muertos
en casa. Al que se fue
unas horas y nadie
lo en qué silencio ante

El fin de la guerra
y el inicio de la paz

El fin de la guerra
y el inicio de la paz

El fin de la guerra
y el inicio de la paz

***MILLIONS HAVE LOVED ONES THAT LEFT HOME
ONE DAY... AND NEVER CAME BACK***

***FOR MANY, LOOSING SOMEONE IS THE MOST
PAINFUL EXPERIENCE THEY HAVE LIVED***

***NOT KNOWING WHAT
HAPPEN IS UNBERABLE***

A man with short blonde hair and glasses, wearing a light-colored shirt, is seen from the back, looking at a wall covered with many small, framed photographs of people. The background is dark and moody.

OUR SOLUTION

**A decentralized
system to enable
anyone to post
missing people &
match them with
found people.**

KEY BENEFITS

INCLUSIVE

Available worldwide
and easy to use.

Only needs an
email and a
password.

DECENTRALIZED

A P2P database that
resolves the lack of
comprehensive &
reliable statistics on
missing people.

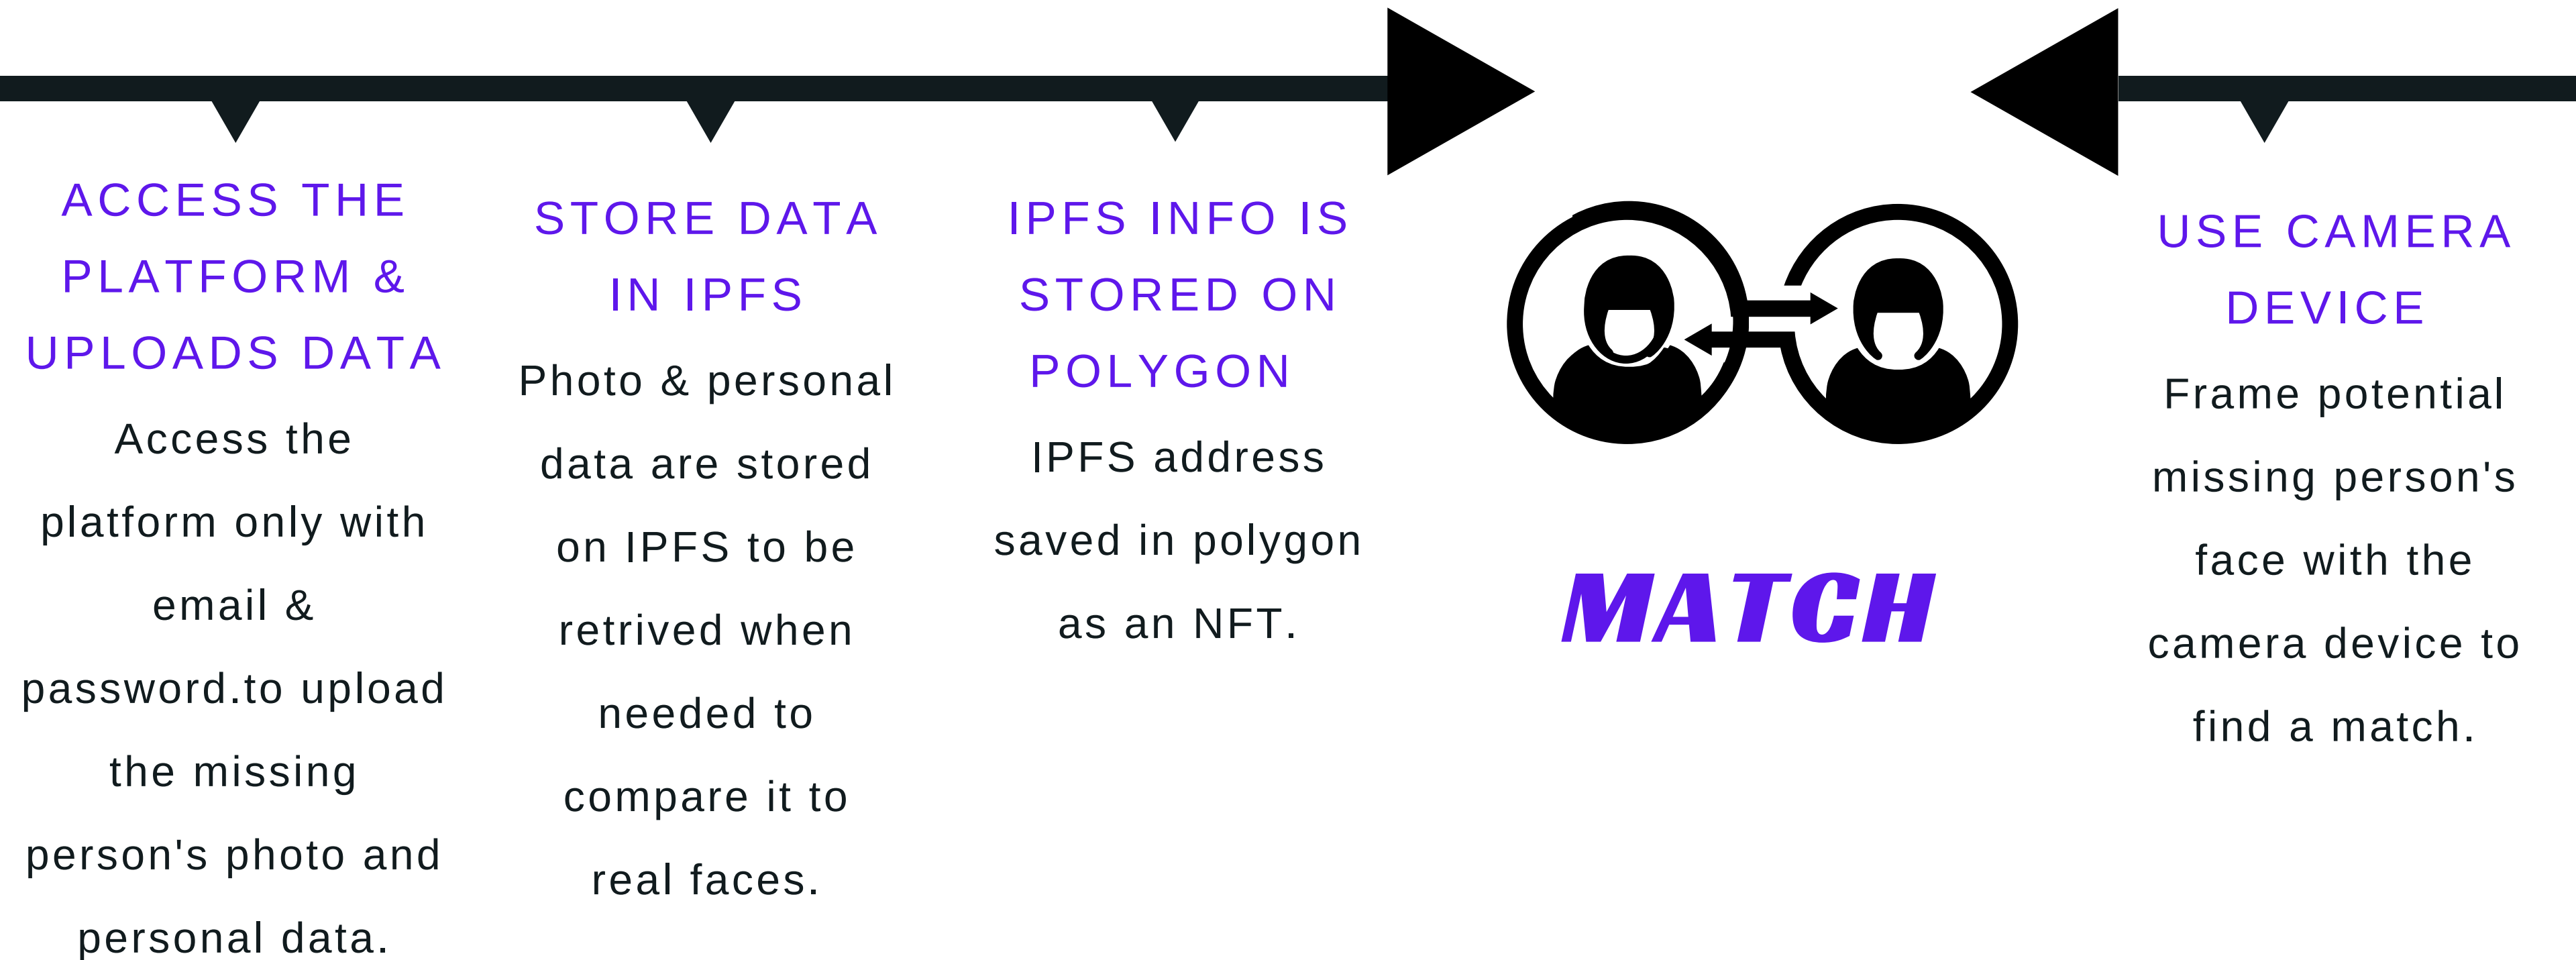

IMMUTABLE

This database can't
be tempered by any
government or
other parties.

SEEKER

FOUNDER

THE PROCESS

USERS

SEEKERS

Mothers, Fathers, Siblings,
Partners and all those looking for
their loved ones or missing people

FOUNDERS

Non-profits, public servants,
workers interacting with potential
missing people & other seekers

USE CASES

VULNERABLES COMMUNITIES

Help kids, migrants, disabled, victims of traffic and other vulnerable people get back home & reunite to their loved ones.

UNRECOGNIZED DISEASED

Help families get certainty, closure & reunite with the remains of their missing loved ones. Applicable on wars, conflicts, disasters, etc.

MISSING PETS

Eventually this technology can be used for other purposes as finding missing pets.

Tech stack

CUSTODIAL WALLET STRUCTURE

To allow any user to
access the platform
easily only with email
and a password.

IPFS

To store the
biometric and
personal data
securely and call it
when comparing is
needed.

721 SMART CONTRACT ON POLYGON

To store the IPFS
address as an NFT
on the polygon
blockchain.

FACE COMPARISON AI

To compare the
photos stored on
IPFS with the faces
captured by the
devices of the
founders.

LINK TO PARTNERS

IPFS

As a fast, safe and open
P2P network to store
descentralize data.

PUBLIC GOODS ON POLYGON

Democratizing access to
data & justice. A human
right & a public good.

USER ONBOARDING ON POLYGON

Using a custodial wallet
to make it easy to
access to anyone.
