

# Summary

These are the list of domains that various aspects of the 8x8 Meet and Jitsi as a Service clients will attempt to access during their normal operation. They are separated by category:

## Core Operation

Inability to access any of the following will result in inability to use the meetings products

<https://8x8.com>  
[https://\\*.8x8.com](https://*.8x8.com)  
<https://8x8.vc>

[https://\\*.8x8.vc](https://*.8x8.vc)  
<https://jitsi.net>  
[https://\\*.jitsi.net](https://*.jitsi.net)

## Auxiliary Functionality

Inability to access domains on this list will disrupt some features in the product, but users should still be able to conduct basic meetings.
