ACS Abundant to MP eGiving
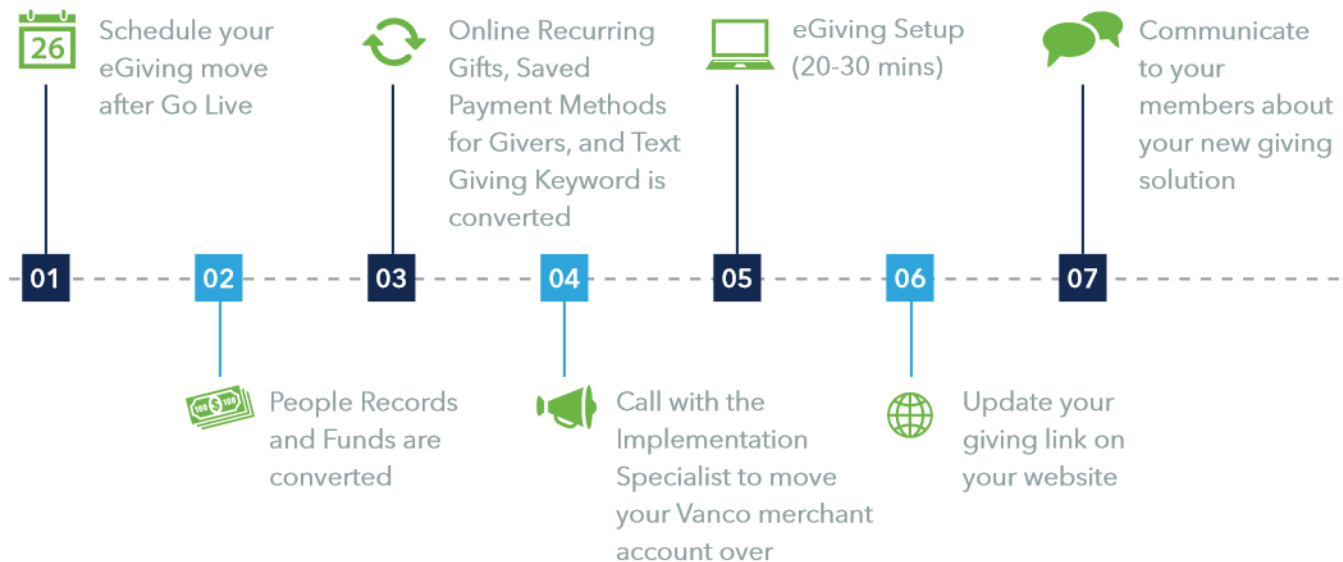

eGiving Information that will convert:

▶ Online Recurring Gifts
▶ Saved Payment Methods for Givers
▶ Funds from ACS People Suite
▶ People Records
▶ Text Giving Keyword

Timeline

01 — Schedule your eGiving move after Go Live

02 — People Records and Funds are converted

03 — Online Recurring Gifts, Saved Payment Methods for Givers, and Text Giving Keyword is converted

04 — Call with the Implementation Specialist to move your Vanco merchant account over

05 — eGiving Setup (20-30 mins)

06 — Update your giving link on your website

07 — Communicate to your members about your new giving solution

Things to Note:

▶ The conversion takes 2 business days; the implementation call usually takes place on the third business day.
▶ Any gifts given during the conversion will still be processed but will need to be entered into MinistryPlatform.
▶ Your text giving keyword and number will not change.

ACS Abundant Users

User records will not convert from Abundant to MP eGiving. Because MinistryPlatform will hold the user records, donors need to create MinistryPlatform accounts. They will be able to sign in to MP eGiving with their MinistryPlatform account.

Event Payments Information

You will be able to use the Event Payment Widget in MinistryPlatform with MP eGiving. No payment information converts for events, so you will need to consider when to do the conversion based on when the church does not have several active paid events.
