Sohani : The Year of Prosperity and Well-Being

As we step into a new financial year, we don't just move forward—we evolve with purpose, clarity, and a deeper commitment to our people. Last year, Shanaya guided us through growth and transformation. This year, we embrace Sohani—a journey towards a more beautiful, balanced, and fulfilling future.

Sohani is not just a name—it is a feeling, a promise, and a vision of harmony where success is measured not only in numbers, but in the well-being and prosperity of every Fairfordian.

Sohani represents a beautiful future ahead.

Like a serene morning that brings hope and calmness, Sohani reflects a future we are building together—one filled with opportunities, stability, and pride. It is about creating an environment where every individual sees not just growth, but a meaningful and rewarding journey.

It reminds us that the future is not something we wait for—it is something we consciously shape, together.

Sohani is the balance of wealth and health.

True success lies in achieving both professional excellence and personal well-being. Sohani stands for a year where we focus equally on financial growth and the health of our people.

At Fair Ford, we believe that a strong organization is built on strong individuals—physically, mentally, and emotionally. This year, we commit to fostering a culture where ambition meets care, and performance is supported by wellness.

Sohani is the spirit of collective prosperity.

Growth is meaningful when it is shared. Sohani reflects our commitment to ensuring that success reaches every member of the Fair Ford family.

It is about empowering teams, recognizing efforts, and building systems that create long-term value for everyone associated with us. When one grows, we all grow—and that is the essence of true prosperity.

Sohani is the promise of care and connection.

Beyond targets and achievements, what defines us is how we stand for each other. Sohani strengthens our bond as one unified team—where trust, respect, and support are the foundation of everything we do.

It encourages us to listen more, support more, and celebrate together—because a connected team creates an unstoppable force.

Sohani is the journey toward meaningful success.

This year is not just about reaching milestones—it is about making every step count. It is about working with purpose, growing with integrity, and creating a legacy we are proud of.

With Sohani, we move ahead with a clear vision :

To build not just a successful company, but a thriving community of healthy, wealthy, and inspired individuals.

WHO WE ARE

"Driven by purpose. Defined by trust."

At **Fair Ford Pharmaceuticals**, we are more than a pharmaceutical company we are a bridge between quality healthcare and afford ability.

NISHIT SETHI

Founder (M.D)

OUR PURPOSE :-

"Bridging the gap between need and care—across every corner of India."

India's healthcare landscape is diverse. While urban markets are advancing rapidly, **Tier 2 and Tier 3 cities continue to face challenges in accessibility, afford ability, and availability of quality treatment.**

At Fair Ford Pharmaceuticals, our purpose is to **bridge this gap across urban, semi-urban, and rural India**—ensuring that healthcare reaches every individual, everywhere.

We understand that :-

- In urban markets, patients expect quality and consistency
- In Tier 2 & Tier 3 regions, access and afford ability are equally critical

In many parts of the country, where access to doctors is limited, **RMPs and pharmacists play a crucial role in primary healthcare delivery.**

Our purpose is to empower this entire healthcare ecosystem—ensuring the right treatment reaches the right patient at the right cost, regardless of location.

Belle Peau is designed to bridge this gap—bringing premium skin care beyond digital boundaries into real lives.

Our Vision with Belle Peau

Whether in a metro city or a small town, **every parent shares the same aspiration—to provide the best care for their child.**

Yet, access to **trusted and safe child care products** remains limited in many Tier 2 and Tier 3 markets.

Kakapo is our commitment to change that—ensuring care reaches every child, everywhere.

Our Vision with Kakapo

To ensure that **every child across India—urban or rural—has access to safe, gentle, and high-quality care products.**

Our Promise
