**INDEPENDENT AUDITOR'S REPORT ON THE AUDIT OF FINANCIAL STATEMENTS
TO THE BOARD OF DIRECTORS OF MATS & MORE PRIVATE LIMITED**

I. Report on the Audit of the Financial Statements

We have audited the accompanying Financial Statements of MATS & MORE PRIVATE LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss for the year ended and notes to the financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements") attached herewith, being submitted by the Company pursuant to the requirement of Regulation 52 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid annual financial statements:

- a. are presented in accordance with the requirements of Regulation 52 of the Listing Regulations in this regard; and
- b. give a true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 ("the Act") and other accounting principles generally accepted in India, of the statement of Assets and Liabilities, net profit, other comprehensive income, cash flows and other financial information for the year ended 31 March 2025.

II. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Annual Financial Statements section of our report. We are independent of the Company, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us, is sufficient and appropriate to provide a basis for our opinion on the annual financial statements.

Head Office

A : 602, Samarth Prasad,
Besides Naupada Police Station,
Thane(W) , Maharashtra- 400602
E : contact@ngkhambeteco.com
W : www.ngkhambeteco.com

III. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the year ended March 31,2025.

These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

IV. Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Director's report, Management Discussion and Analysis Report and Corporate Governance Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone1 financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone1 financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone1 financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

V. Management's Responsibility for the Financial Statements

The Company's Management and the Board of Directors are responsible for the preparation and presentation of these annual financial results that give a true and fair view of the net profit and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Indian Accounting Standards prescribed under Section 133 of the Act and other accounting principles generally accepted in India and in compliance with Regulation 52 of the Listing Regulations. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively

Head Office

A : 602, Samarth Prasad,
Besides Naupada Police Station,
Thane(W) , Maharashtra- 400602
E : contact@ngkhambeteco.com
W : www.ngkhambeteco.com

for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the annual financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the annual financial statements, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

VI. Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

Head Office

A : 602, Samarth Prasad,
Besides Naupada Police Station,
Thane(W) , Maharashtra- 400602
E : contact@ngkhambeteco.com
W : www.ngkhambeteco.com

– Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the annual financial statements made by the Management and Board of Directors.

– Conclude on the appropriateness of the Management and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

– Evaluate the overall presentation, structure and content of the annual financial statements, including the disclosures, and whether the annual financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

VII. Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

2. As required by Section 143(3) of the Act, we report that:

Head Office

A : 602, Samarth Prasad,
Besides Naupada Police Station,
Thane(W) , Maharashtra- 400602
E : contact@ngkhambeteco.com
W : www.ngkhambeteco.com

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for the matters stated in the paragraph (h)(vi) below on reporting under Rule 11(g).
- (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors are disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) The reservation relating to the maintenance of accounts and other matters connected therewith are as stated in paragraph (b) above on reporting under Section 143(3)(b) and paragraph (h)(vi) below on reporting under Rule 11(g).
- (g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.

Head Office

A : 602, Samarth Prasad,
Besides Naupada Police Station,
Thane(W) , Maharashtra- 400602
E : contact@ngkhambeteco.com
W : www.ngkhambeteco.com

- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv.
 - (1) The Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (2) The Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (Funding Parties), with the understanding, whether recorded in writing or otherwise, as on the date of this audit report, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (3) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, and according to the information and explanations provided to us by the Management in this regard nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e) as provided under (1) and (2) above, contain any material mis-statement.
- (v) The Company has neither declared nor paid any dividend during the year.

Head Office

A : 602, Samarth Prasad,
Besides Naupada Police Station,
Thane(W) , Maharashtra- 400602
E : contact@ngkhambeteco.com
W : www.ngkhambeteco.com

(vi) Based on our examination, the Company has used accounting software's for maintaining its books of account during the year ended March 31, 2025, which have a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the respective software. Further, during the course of our examination, we did not come across any instance of the audit trail feature being tampered with, in respect of the accounting software's for the period for which the audit trail feature was enabled and operating. Additionally, the audit trail of prior year(s) has been preserved by the Company as per the statutory requirements for record retention.

3. In our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 read with Schedule V of the Act and the rules thereunder.

**ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT ON EVEN DATE ON THE
FINANCIAL STATEMENTS OF MATS AND MORE PRIVATE LIMITED**

Auditor's Responsibilities for the Audit of the Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF MATS & MORE FOR THE YEAR ENDED 31.03.2025

i.

(a) A. The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment, Investment property³ and relevant details of right-of-use assets.

B. The Company has no intangible assets. Accordingly, the provisions stated in paragraph 3(i)(a)(B) of the Order are not applicable to the Company.

(b) Property, Plant and Equipment, Investment property and right of use assets have been physically verified by the management at reasonable intervals during the year and no material discrepancies were identified on such verification.

(c) According to the information and explanations given to us, the title deeds of immovable properties (other than properties where the company is the lessee and lease agreements are duly executed in favour of the lessee) are held in name of company.

(d) According to the information and explanations given to us, the Company has not revalued its property, plant and Equipment (including Right of Use assets) or intangible assets or both during the year. Accordingly, the requirements under paragraph 3(i)(d) of the Order are not applicable to the Company.

(e) According to the information and explanations given to us, no proceeding has been initiated or pending against the Company for holding benami property under the Benami Transactions (Prohibition) Act, 1988, as amended and rules made thereunder. Accordingly, the provisions stated in paragraph 3(i) (e) of the Order are not applicable to the Company.

ii.

(a) The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification, coverage & procedure of such verification is reasonable and appropriate. having regard to the size of the Company and the nature of its operations. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories. The Company has not been sanctioned any working capital limits during the year. Accordingly, the requirements under paragraph 3(ii)(b) of the Order is not applicable to the Company.

- iii. According to the information explanation provided to us, the Company has not made any investments in, provided any guarantee or security, or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Hence, the requirements under paragraph 3(iii) of the Order are not applicable to the Company.
- iv. According to the information and explanations given to us, the Company has neither, directly or indirectly, granted any loan, or provided guarantee or security to any of its directors or to any other person in whom the director is interested, in accordance with the provisions of Section 185 of the Act nor made investments through more than two layers of investment companies in accordance with the provisions of Section 186 of the Act. Accordingly, provisions stated in paragraph 3(iv) of the Order are not applicable to the Company.
- v. According to the information and explanations given to us, the Company has not entered into transactions for which provisions of Sections 73, 74, 75 and 76 of the Act, the rules framed thereunder and the Circulars, notifications issued from time to time are applicable. No order has been passed by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other Tribunal in this respect.
- vi. The provisions of sub-Section (1) of Section 148 of the Act are not applicable to the Company as the Central Government of India has not specified the maintenance of cost records for any of the products of the Company. Accordingly, the provisions stated in paragraph 3 (vi) of the Order are not applicable to the Company.
- vii.
- (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess, and other statutory dues have been regularly deposited by the Company with appropriate authorities in all cases during the year.

There are no undisputed amounts payable in respect of Goods and Services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, cess, and other statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

joint ventures or associate companies. Hence, reporting under the Clause 3(ix)(f) of the order is not applicable to the Company.

x.

(a) In our opinion and according to the information explanation given to us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year. Hence, the provisions stated in paragraph 3 (x)(a) of the Order are not applicable to the Company.

(b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully, partly, or optionally convertible debentures during the year. Hence, the provisions stated in paragraph 3 (x)(b) of the Order are not applicable to the Company.

xi.

(a) Based on our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we report that no material fraud by the Company nor on the Company has been noticed or reported during the course of our audit.

(b) We have not come across of any instance of material fraud by the Company or on the Company during the course of audit of the ¹ financial statement for the year ended March 31, 2025, accordingly the provisions stated in paragraph (xi)(b) of the Order is not applicable to the Company.

(c) As represented to us by the Management, there are no whistle-blower complaints received by the Company during the year.

xii.

(a) The Company is not a Nidhi Company. Accordingly, the provisions stated in paragraph 3(xii) (a) to (c) of the Order are not applicable to the Company.

xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 188 of the Act, where applicable and details of such transactions have been disclosed in the ¹ financial statements as required by applicable accounting standards. Further, the Company is not required to constitute an Audit Committee under Section 177 of the Act.

**ANNEXURE C TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE
FINANCIAL STATEMENTS OF MATS & MORE PRIVATE LIMITED**

**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143
of the Companies Act, 2013 ("the Act")**

Opinion

We have audited the internal financial controls with reference to financial statements of MATS & MORE PRIVATE LIMITED ("the Company") as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance

Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls With reference to Financial Statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls With reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

1. General Information:

Mats & More Private Limited, established in 2022, is engaged in manufacturing and selling of home textiles products items like Patio Mats, indoor and outdoor home furnishings, car seat covers and accessories. It has a manufacturing location at Aurangabad, Maharashtra in India. The Company is wholly owned subsidiary of Faze Three Limited which is a public listed company incorporated and domiciled in India and has its registered office in Dapada, Silvassa, UT of DNHDD. The holding company's equity shares are listed on the Bombay Stock Exchange and National Stock Exchange.

2. Significant accounting policies:

(A) Statement of Compliance and basis of preparation and presentation:

These financial statements of Mats & More Private Limited ("the Company") have been prepared in accordance with Ind AS notified under Section 133 of the Companies Act, 2013 (the 'Act') read with Rule 3 of Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016 and presentation requirements of Division II of Schedule III to the Companies Act, 2013, (Ind AS compliant Schedule III) and other relevant provisions of the Act.

These financial statements are approved by the Company's Board of Directors and authorised for issue on May 21, 2025.

These financial statements are presented in Indian National Rupees ('INR') and all values rounded to the nearest crores, except otherwise indicated.

Accounting policies have been consistently applied to all the years presented except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

(B) Basis of measurement:

The financial statements have been prepared on a historical cost convention on accrual basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Derivative financial instruments,
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments),

A historical cost is a measure of value used in accounting in which the value of an asset on the balance sheet is recorded at its original cost when acquired by the company.

Fair Value Measurement: Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the entity.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Entity uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the entity has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

The management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for sale in discontinued operations. The Valuation Committee comprises of the head of the investment properties segment, heads of the Entity's internal mergers and acquisitions team, the head of the risk management department, financial controllers and chief finance officer.

External valuers are involved for valuation of Freehold & Leasehold land. Involvement of external valuers is decided upon reasonable interval by the management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained.

At each reporting date, the management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the entities accounting policies. For this analysis, the management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

On an interim basis, the management present the valuation results to the Audit Committee and the Independent Auditors. This includes a discussion of the major assumptions used in the valuations.

(C) Use of estimates

The preparation of financial statements in conformity with Ind AS requires the Management to make estimate and assumptions that affect the reported amount of assets and liabilities as at the Balance Sheet date, reported amount of revenue and expenses for the year and disclosures of contingent liabilities as at the Balance Sheet date. The estimates and assumptions used in the accompanying financial statements are based upon the Management's evaluation of the relevant facts and circumstances as at the date of these financial statements. Actual results could differ from these estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates, if any, are recognized in the year in which the estimates are revised and future years affected.

Useful life of property, plant and equipment:

The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value. Increasing an asset's expected life or its residual value would result in a reduced depreciation charge in the statement of profit and loss. The useful lives of the Company's assets are determined by management at the time the asset is acquired and reviewed at least annually for appropriateness. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology.

Defined benefit obligations

The cost of defined benefit gratuity plans and post-retirement medical benefit is determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, future salary increases, mortality rates and future pension increases. Due to the long-term nature of these plans, such estimates are subject to significant uncertainty.

Contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which a reliable estimate can be made.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Contingent liabilities are disclosed in the notes.

2.2 Property, plant and equipment

Property, plant and equipment are stated at original cost inclusive of incidental expenses related to acquisition net of tax / duty credit availed, net of accumulated depreciation and accumulated impairment losses, if any. Cost includes financing cost relating to borrowed funds attributable to the construction or acquisition of qualifying tangible assets upto the date the assets are ready for use. Subsequent expenditures are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repairs and maintenance are charged to the statement of profit and loss during the reporting period in which they are incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for provisions are met.

Property, plant and equipment not ready for their intended use as on the balance sheet date are disclosed as "Capital work-in-progress". Such items are classified to the appropriate category of property, plant and equipment when completed and ready for their intended use. Advances given towards acquisition / construction of property, plant and equipment outstanding at each balance sheet date are disclosed as Capital Advances under "Other non-current assets".

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of the profit and loss when the asset is derecognised.

Depreciation methods, estimated useful lives

The Company depreciates property, plant and equipment using the straight-line method over their estimated useful lives of assets which are determined based on technical parameters / assessment.

Useful life of property, plant and equipment:

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This re-assessment may result in change in depreciation and amortisation expense in future periods. The estimated useful lives of assets are as follows:

<u>Property, plant and equipment</u>	<u>Useful Lives</u>
Leasehold land	Lease period
Factory Building	25-30 years
Plant & Machinery	3-20 years
Furniture and Fixtures	5-10 years
Office Equipment	3-8 years
Electrical Installations	10 years
Fire Hydrant Systems	15 years
Vehicles	8-10 years
Computers:	
-Servers	6 years
-End user devices such as, desktops, laptops etc.	2-3 years

Individual assets costing up to Rupees Five thousand are depreciated in full in the year of purchase.

Based on technical assessment made by technical expert and management estimate, depreciates certain items of building, plant and equipment over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit and loss. The residual value of Property, plant and Equipment are within the limit specified in Schedule II (Part C) of Companies act 2013. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.3 Intangible Asset

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated

impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets purchased are measured at cost as at the date of acquisition, as applicable, less accumulated amortisation and accumulated impairment, if any.

Intangible assets are amortised on a straight-line basis over the period of its economic useful life. Intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets.

2.4 Impairment of Non-Financial Assets

At the end of each reporting period, the Company reviews the carrying amount of its non-financial assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual cash-generating units, or otherwise they are allocated to the smallest entity of cash-generating units for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

2.5 Borrowing costs

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

2.6 Foreign currency transactions

Functional and presentation currency

Items included in the financial statements are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The financial statements are presented in Indian National Rupee (INR), which is the Company's functional and presentation currency.

Transactions and balances

On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction. Gains/Losses arising out of fluctuation in foreign exchange rate between the transaction date and settlement date are recognised as income or expense in the period in which they arise in the Statement of Profit and Loss.

All monetary assets and liabilities in foreign currencies are restated at the year end at the exchange rate prevailing at the year end and the exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

2.7 Revenue recognition

Sale of goods

The Company recognizes revenue when it transfers control of goods to the customer. Control is passed on to the customer when goods are dispatched from Company's premises at this point in time that the consideration is unconditional because only passage of time is required before the payment is due.

Revenue is measured based on the transaction price, which is the consideration received or receivable, adjusted for volume discounts if any, as specified in the contract with the customer. Revenue is reported net of taxes and duties as applicable. Revenue is only recognised to the extent that it is highly probable a significant reversal will not occur.

Rendering of services:

Revenue from sale of services is recognised as per terms of the contract with customers when the outcome of the transactions involving rendering of services can be estimated reliably.

Rebate / Drawback of Taxes and Duties:

Export incentives from the government is recognised when there is a reasonable assurance that

- (i) the Company will comply with the conditions attached to them and
- (ii) the incentive will be received.

When the incentive relates to revenue, it is recognised as income on a systematic basis in the statement of profit or loss over the periods necessary to match them with the related income, which they relate to.

Other Income

Interest income:

For all financial instruments measured at amortised cost, interest income is recorded using the effective interest rate (EIR), which is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument or a shorter period, where appropriate, to the net carrying amount of the financial asset. Interest income is included in the other income in the statement of profit and loss.

Other Incomes are recognised on accrual basis except financial instruments measured at amortised cost which are recognised using the effective interest rate (EIR).

Dividend income is recorded when the right to receive payment is established.

2.8 Taxes

Tax expense comprises current income tax and deferred income tax and includes any adjustments related to past periods in current and / or deferred tax adjustments that may become necessary due to certain developments or reviews during the relevant period. Current and deferred taxes are recognised in statement of profit and loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

(A) Current tax

Current income tax is measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside the statement of profit and loss is recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle the asset and the liability on a net basis.

(B) Deferred tax

Deferred income tax is recognised using the balance sheet approach. Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all deductible temporary differences. Deferred tax assets are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary difference can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit not the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income, in which case, the current and deferred tax are also recognised in other comprehensive income.

2.9 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116.

Company as a Lessee:

a) Right-of-use asset (ROU):

The Company recognizes a right-of-use asset ("ROU") and a lease liability at the lease commencement date (i.e. the date the underlying asset is available for use). The ROU is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset, less any lease incentives received.

The ROU Asset is subsequently depreciated using the straight-line method over the shorter of the lease term and the estimated useful life of the asset from the commencement date to the end of the lease term.

b) Lease Liabilities

At the commencement date of the lease, the entity recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the entity and payments of penalties for terminating the lease, if the lease term reflects the entity exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the entity uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

The Company presents ROU Asset separately and lease liabilities in 'Financial Liabilities' in the Balance Sheet.

c) Short-term leases and leases of low-value assets

The Company has elected not to recognise ROU Assets and lease liabilities for

- short term leases that have a lease term of 12 months or lower and
- Leases of low value assets with annual lease rental lesser than or equal to Rs.10 lakhs.

The Company recognises the lease payments associated with these leases as an expense over the lease term.

d) Company as a lessor:

Leases in which the Entity does not transfer substantially all the risks and rewards incidental to ownership of an asset is classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

2.10 Inventories

Inventories are valued at the lower of cost and net realisable value.

Cost of raw materials, packaging materials and stores and spare parts comprises cost of purchases on weighted average basis.

Cost of work-in progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity.

Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition.

Costs are assigned to individual items of inventory moving weighted average basis. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Slow and non-moving material, obsolesce, defective inventories are duly provided for and valued at actual cost or estimated net realisable value whichever is lower. Materials and supplies held for use in production of inventories are not written down if the finished products in which they will be used are expected to be sold at or above cost.

2.11 Provisions, contingent liabilities and contingent assets

Provisions: - Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date.

When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities :- Contingent Liabilities are not recognised but disclosed in the financial statements, when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent Asset: - Contingent asset is not recognised in financial statements since this may result in the recognition of income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

2.12 Cash and cash equivalents & bank balances

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and fixed deposits with an original maturity of less than three months, which are subject to an insignificant risk of changes in value.

Bank Balances other than cash and cash equivalents in the balance sheet comprise of unpaid dividend accounts and fixed deposits with an original maturity of more than three months and less than twelve months, which are subject to an insignificant risk of changes in value.

2.13 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(A) Financial assets

(i) Initial recognition and measurement

All financial assets are recognised initially at fair value plus transaction cost, if any, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortised cost.

(ii) Classification and subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or
- c) at fair value through profit or loss.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

Debt Instruments: Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortised cost is recognised in profit or loss

when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss: Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

Equity investments: All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

(iii) Impairment of financial assets

In accordance with Ind AS 109, Financial Instruments, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on financial assets that are measured at amortized cost and FVTOCI.

For recognition of impairment loss on financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If in subsequent years, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

Life time ECLs are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the year end.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider all contractual terms of the financial instrument (including prepayment, extension etc.) over the

expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payment is more than 30 days past due.

ECL impairment loss allowance (or reversal) recognized during the year is recognized as income/expense in the statement of profit and loss. In balance sheet ECL for financial assets measured at amortized cost is presented as an allowance, i.e. as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

(iv) Derecognition of financial assets

A financial asset is derecognized only when

- a) the rights to receive cash flows from the financial asset is transferred or
- b) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the financial asset is transferred then in that case financial asset is derecognized only if substantially all risks and rewards of ownership of the financial asset is transferred. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognized.

(B) Financial liabilities

(i) Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss and at amortized cost, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of borrowings and payables, net of directly attributable transaction costs.

(ii) Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognized in the Statement of Profit and Loss.

Loans and borrowings at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in Statement of Profit and Loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and

fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the Statement of Profit and Loss.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the company after deducting all of its liabilities. Equity instruments issued by the Entity are recognised at the proceeds received net of direct issue cost.

(iii) Derecognition

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss as finance costs.

(C) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

Fair value of financial assets and liabilities and investments

The Company measures certain financial assets and liabilities on fair value basis at each balance sheet date or at the time they are assessed for impairment. Fair value measurement that are based on significant unobservable inputs (Level 3) requires estimates of operating margin, discount rate, future growth rate, terminal values, etc. based on management's best estimate about future developments.

2.14 Employee benefits

Provident fund, ESIC and Labour welfare fund

The Company's contribution paid/payable during the year to Provident fund, ESIC and Labour welfare fund are recognised in profit or loss.

Provident fund

Contributions to Provident fund are made and charged to profit or loss as incurred.

Defined benefit plans (gratuity benefits)

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate; future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds where remaining maturity of such bond correspond to expected term of defined benefit obligation.

For plans operated outside India, the management considers the interest rates of high-quality corporate bonds in currencies consistent with the currencies of the post-employment benefit obligation with at least an 'AA' rating or above, as set by an internationally acknowledged rating agency, and extrapolated as needed along the yield curve to correspond with the expected term of the defined benefit obligation. The underlying bonds are further reviewed for quality. Those having excessive credit spreads are excluded from the analysis of bonds on which the discount rate is based, on the basis that they do not represent high quality corporate bonds.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Short term employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by an employee is recognised during the period when the employee renders the service.

2.15 Current Asset and Current Liability

Current Asset – “An entity shall classify an asset as current when:

- (a) it expects to realise the asset, or intends to sell or consume it, in its normal operating cycle;
- (b) it holds the asset primarily for the purpose of trading;
- (c) it expects to realise the asset within twelve months after the reporting period;
- (d) the asset is cash or a cash equivalent unless the asset is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. An entity shall classify all other assets as non-current.

Current Liability – “An entity shall classify a liability as current when:

- (a) it expects to settle the liability in its normal operating cycle;
- (b) it holds the liability primarily for the purpose of trading;
- (c) the liability is due to be settled within twelve months after the reporting period; or
- (d) it does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification. An entity shall classify all other liabilities as non-current.”

2.16 Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Earnings considered in ascertaining the Company's earnings per share is the net profit or loss for the year after deducting preference dividends and any attributable tax thereto for the year.

Diluted earnings per share are computed by dividing the profit after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on conversion of all dilutive potential equity shares.

2.17 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief operating decision maker (CODM)(Managing Director) of the Company. The Managing Director is responsible for allocating resources and assessing performance of the operating segments of the company.

Mats & More Private Limited

Notes forming part of the Financial Statements for the year ended March 31, 2025

During the period, entity was engaged in the business of home textile products, which is the only operating segment as per Ind AS 108.

2.18 Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest crores as per requirement of Schedule III of the Act, unless otherwise stated.

32 Earnings per share

Basic earnings per share amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	March 31, 2025	March 31, 2024
Profit attributable to equity holders	1.94	3.18
Add/Less: Transactions during the year	-	-
Profit attributable to equity holders	1.94	3.18
Weighted Average Number of Shares outstanding during the year	1,00,000	1,00,000
Basic Earnings Per Share (Rs.) (Equity share of Rs. 10 each)	193.86	318.50
Diluted Earnings Per Share (Rs.) (Equity share of Rs. 10 each)	193.86	318.50

33 Employee Benefits**A) Defined Contribution Plans**

Amounts recognized in the statement of profit and loss are as under:

	March 31, 2025	March 31, 2024
Employers' Contribution to Provident Fund and Other funds (Refer Note 27)	0.09	0.04
	0.09	0.04

B) Defined Benefit Plans

The Company provides for gratuity for employees as per the Payment of Gratuity Act, 1972. The amount of gratuity shall be payable to an employee on the termination of employment after rendering continuous service for not less than five years, or on their superannuation or resignation. However, in case of death of an employee, the minimum period of five years shall not be required. The amount of gratuity payable on retirement / termination is the employee's last drawn basic salary per month computed proportionately for 15 days salary multiplied by the number of years of service completed. The gratuity plan is a unfunded plan.

i) These plans typically expose the Company to the following actuarial risks:

Investment risk - The present value of the defined benefit plan liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on government bonds. If the return on plan asset is below this rate, it will create a plan deficit. Currently, for the plan in India, it has a relatively balanced mix of investments in government securities, and other debt instruments.

Interest risk - A fall in the discount rate, which is linked, to the G-Sec rate will increase the present value of the liability requiring higher provision. A fall in the discount rate generally increases the mark to market value of the assets depending on the duration of asset.

Salary risk - The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Asset Liability matching risk - The plan faces the ALM risk as to the matching cash flow. Since the plan is invested in lines of Rule 101 of Income Tax Rules, 1962, this generally reduces ALM risk.

Mortality risk - Since the benefits under the plan is not payable for life time and payable till retirement age only, plan does not have any longevity risk.

Concentration risk - Plan is having a concentration risk as all the assets are invested with the insurance company and a default will wipe out all the assets. Although probability of this is very less as insurance companies have to follow regulatory guidelines.

The most recent actuarial valuation of the plan assets and the present value of the defined benefit obligation were carried out at March 31, 2025 by M/S K. A. Pandit Consultants & Actuaries. The present value of the defined benefit obligation, and the related current service cost and past service cost, were measured using the projected unit credit method.

ii) Principal assumption used for the purpose of the Actuarial valuation:

	March 31, 2025	March 31, 2024
Discount Rate (per annum)	6.54%	7.16%
Rate of Increase in Salary	4.00%	4.00%
Expected average remaining working lives of employees (years)	3	3
Attrition rate		
For service 2 years and below	45%	45%
For service 3 years to 4 years	30%	30%
For service 5 years and above	10%	10%
Mortality Rates	IALM 2012-14 (Urban)	IALM 2012-14 (Urban)

iii) Changes in the Present Value of Defined Benefit Obligation:

	March 31, 2025	March 31, 2024
Present Value of Benefit Obligation at the Beginning of the Period	0.01	-
Current Service Cost	0.01	0.01
Interest Cost	0.00	-
Actuarial (Gains)/Losses on Obligations - Due to Change in Financial Assumptions	0.00	-
Actuarial (Gains)/Losses on Obligations - Due to Experience	0.01	-
Present Value of Benefit Obligation at the End of the Period	0.03	0.01

iv) Amount recognized in the Statement of Profit and Loss:

	March 31, 2025	March 31, 2024
Current Service Cost	0.01	0.01
Interest Cost	0.00	-
	0.01	0.01

*Included in Note 27 "Employee Benefits Expenses" under the head "Gratuity and compensated absences expenses".

v) Amount recognized in Other Comprehensive Income:

	March 31, 2025	March 31, 2024
Actuarial (Gains)/Losses on Obligations - Due to Change in Financial Assumptions	0.00	-
Actuarial (Gains)/Losses on Obligations - Due to Experience	0.01	-
	0.01	-

vi) Amount included in balance sheet arising from the entity's obligation in respect of its Defined Benefit Plans:

	March 31, 2025	March 31, 2024
Present Value of Defined Benefit Obligation	(0.02)	(0.01)
Fair Value of Plan Assets	-	-
Net (Liability)/Asset Recognized in the Balance Sheet	(0.02)	(0.01)
*Included in Provision for Employee Benefits (Refer Note 18)		

vii) Expected Contribution to the fund in the next year:

	March 31, 2025	March 31, 2024
Expected Contribution to the fund Next Year	0.01	0.00

viii) Sensitivity Analysis:

Significant actuarial assumptions for the determination of the defined obligation are discount rate, expected salary increase and employee turnover rate.

A quantitative sensitivity analysis and impact on defined benefit obligation for significant assumption as at year end is shown below:

	March 31, 2025	March 31, 2024
Discount Rate		
1% Increase	(0.00)	(0.00)
1% Decrease	0.00	0.00
Expected Salary Increase		
1% Increase	0.00	0.00
1% Decrease	(0.00)	(0.00)
Employee Turnover Rate		
1% Increase	(0.00)	(0.00)
1% Decrease	0.00	0.00

ix) Maturity Analysis of the Defined Benefit Payments

	March 31, 2025	March 31, 2024
Projected Benefits Payable in Future Years From the Date of Reporting		
1st Following Year	0.00	0.00
2nd Following Year	0.00	0.00
3rd Following Year	0.00	0.00
4th Following Year	0.00	0.00
5th Following Year	0.00	0.00
Sum of Years 6 to 10	0.01	0.00
Sum of Years 11 and above	0.02	0.01

*Amounts represented by '0' (zero) construes value less than Rs.50,000.

34 Leases**a) As Lessee**

The Company's leasing arrangements are in respect of operating leases for buildings (corporate office, factory building etc.) and motor cars. These range between 5-7 years and usually renewable on mutually agreed terms.

(a) The following is the movement in lease liabilities during the year ended March 31, 2025 and March 31, 2024:

Particulars	Category of ROU Asset
	Leasehold Land
Balance as at April 1, 2023	1.35
Additions	0.09
Lease Payments	(0.36)
Balance as at March 31, 2024	1.08
Additions	0.60
Lease Payments	(0.53)
Balance as at March 31, 2025	1.14

(b) The table below provides details regarding the contractual maturities of lease liabilities as at 31 March 2025 and 31 March 2024 on an undiscounted basis:

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Less than one year	0.58	0.37
One to Five years	0.58	0.74
More than 5 years	-	-
Total	1.14	1.12

(c) The following is the break-up of current and non-current lease liabilities as at 31 March 2025 and 31 March 2024:

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Current lease liability	0.51	0.31
Non-Current lease liability	0.63	0.77

(d) Amounts recognised in Statement of Cash Flows:

Particulars	Year Ended March 31, 2025	Year Ended March 31, 2024
Total cash outflow for leases	0.53	0.36

35 Related Party Disclosures:

Faze Three Limited	15.00	-
(iii) Amount due from related party as on:		
Trade Receivable:		
Faze Three Limited	0.03	-
(iv) Transactions with Entity in which director has common control:		
Faze Three Autofab Limited		
Purchase of Goods	0.01	-

C. Terms and conditions of transactions with related parties:

Transactions with related parties are made on terms equivalent to those that prevail in arm's length transactions. During the year, corporate guarantee has been received from Faze Three Limited in respect of the Cash Credit Facility availed from Federal Bank Limited. Apart from this, no other guarantees have been provided to or received from related parties in respect of receivables or payables. For the year ended 31 March 2025, the Company has not recorded any impairment of receivables or payables relating to amounts owed by related parties. This assessment is undertaken annually by examining the financial position of the related parties and the market in which they operate.

36 Fair value measurement

The fair value of other current financial assets, cash and cash equivalents, trade receivables, investments, trade payables, short-term borrowings and other financial liabilities approximate the carrying amounts because of the short term nature of these financial instruments.

The amortized cost using effective interest rate (EIR) of non-current financial assets consisting of security and term deposits are not significantly different from the carrying amount.

Financial assets that are neither past due nor impaired include cash and cash equivalents, security deposits, term deposits, and other financial assets.

The impact of fair value on non-current borrowing, non-current security deposits and non-current term deposits is not material and therefore not considered for above disclosure.

Fair value hierarchy

The following is the hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

• Level 1 - Quoted prices (unadjusted) in active markets for identical assets or liabilities.

• Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

• Level 3 - Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The following table presents fair value hierarchy of assets and liabilities measured at fair value on a recurring basis:

Level 3	March 31, 2025	March 31, 2024
Financial assets measured at amortized cost		
Trade receivables	9.76	0.00
Security deposits (Refer note 5)	0.34	0.17
Interest accrued on fixed deposits	0.00	-
The carrying amounts of trade receivables, loans and advances, interest on fixed deposits and security deposits are considered to approximate their fair values due to their short term nature. The carrying amounts of long term security deposits given are considered to approximate their fair value.		
Financial liability measured at amortized cost		
Borrowings (Refer note 16 & 19)	50.04	12.65
Trade payables (Refer note 20)	1.34	2.33
Salary & reimbursement payable (Refer note 21)	0.32	0.09
Expenses payable (Refer note 21)	0.09	0.00
The carrying amounts of trade payables, borrowings, salary and expense payable are considered to approximate their fair values due to their short term nature. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including own and counter party credit risk.		

37 Financial Risk Management objectives and policies

The Company is exposed to various financial risks. These risks are categorized into market risk, credit risk and liquidity risk. The Company's risk management is coordinated by the Board of Directors and focuses on securing long term and short term cash flows. The Company does not engage in trading of financial assets for speculative purposes.

A. Market Risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include borrowings and derivative financial instruments.

(i) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings.

	March 31, 2025	March 31, 2024
Variable rate borrowings	50.03	12.65

Interest Rate Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Increase/ decrease in basis points	Effect on profit before tax (Rs. in Crs)
FY 2025	25 bps	0.12
FY 2024	25 bps	-

(ii) Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company operating activities.

The Company is not exposed to foreign currency risk arising on export of finished goods and import of raw material. Foreign currency exposures are managed within approved policy parameters utilising forward contracts.

Foreign Currency Sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in the US dollar exchange rate (or any other material currency), with all other variables held constant, of the Company's profit before tax (due to changes in the fair value of monetary assets and liabilities).

The Company do not have made export sales during the year

	Change in USD rate	Effect on profit before tax
2025 (USD / INR)	1.00%	-
2024 (USD / INR)	1.00%	-

(B) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The Company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

	Less than 12 months	More than 12 months	Total
March 31, 2025			
Security deposits	-	0.34	0.34
March 31, 2024			
Security deposits	-	0.17	0.17

(C) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The table below summarizes the maturity profile of the Company's financial liabilities:

	Less than 3 months	3 to 12 months	1 to 5 years	More than 5 years	Total
March 31, 2025					
Short term borrowings	11.71	-	-	-	11.71
Long-term borrowings	-	-	38.32	-	38.32
Trade payables	1.34	-	-	-	1.34
Salary & reimbursement payable	0.32	-	-	-	0.32
Expenses payable	0.09	-	-	-	0.09
	13.46	-	38.32	-	51.78
March 31, 2024					
Short term borrowings	-	-	-	-	-
Long-term borrowings	-	-	12.65	-	12.65
Trade payables	2.33	-	-	-	2.33
Salary & reimbursement payable	0.09	-	-	-	0.09
Expenses payable	0.00	-	-	-	0.00
	2.43	-	12.65	-	15.08

Reconciliation of quarterly returns or statements of current assets filed with banks or financial institutions

March 31, 2025

Quarter	Name of bank	Particulars of Securities Provided	Amount as per books of account	Amount as reported in the quarterly return/ statement	Amount of difference
June 2024	Federal Bank Limited	Raw materials, work-in-progress, finished goods, spares & stores, Trade Receivables, and Trade Payables	NA	NA	-
September 2024			NA	NA	-
December 2024			11.53	11.53	-
March 2025			19.53	19.53	-

38 Relationship with Struck off Companies under section 248 of the Companies Act, 2013 or section 560 of Companies Act, 1956,

The Company does not have any transactions with companies struck off under section 248 of the Companies Act, 2013 or section 560 of the Companies Act, 1956.

39 Registration of charges or satisfaction with Registrar of Companies

The Company does not have any charges or satisfaction which is yet to be registered with ROC beyond the statutory period.

40 Compliance with number of layers of companies

The Company has complied with the number of layers prescribed under clause (87) of section 2 of the Act read with the Companies (Restriction on number of Layers) Rules, 2017.

41 Utilisation of Borrowed funds

(i) The Company has not advanced or loaned or invested funds to any other person(s) or entity(ies), including foreign entities (Intermediaries) with the understanding that the Intermediary shall:

- (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (Ultimate Beneficiaries) or
(b) provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

(ii) The Company has not received any fund from any person(s) or entity(ies), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

- (a) directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate Beneficiaries) or
(b) provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

42 Undisclosed income

The Company does not have any undisclosed income which is not recorded in the books of account that has been surrendered or disclosed as income during the year (previous year) in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

43 Corporate Social Responsibility

Provision of Corporate Social Responsibility is not applicable to the company

44 Details of Crypto Currency or Virtual Currency

The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

Information as per the requirement of Section 22 of The Micro, Small and Medium Enterprises Development Act, 2006:

Particulars	March 31, 2025	March 31, 2024
(a) (i) The principal amount remaining unpaid to any supplier at the end of accounting year included in trade payables	0.46	-
(ii) Interest due on above	-	-
The total of (i) and (ii)	0.46	-
(b) (i) The amount of interest paid by the buyer in terms of Section 16 of the Act.	-	-
(c) (i) The amount of payment made to the supplier beyond the appointed day during the accounting year.	-	-
(d) (i) The amount of interest accrued and remaining unpaid at the end of financial year.	-	-
(e) (i) The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the due date during the year) but without adding the interest specified under this Act.	-	-

46 Details of Benami Property held

There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder

47 Wilful Defaulter

The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.

48 Capital management

the equity holders. The primary objective of the Company's capital management is to maximize the shareholder value and to ensure the Company's ability to continue as a going concern.

The Company has not distributed any dividend to its shareholders. The Company monitors gearing ratio i.e. total debt in proportion to its overall financing structure, i.e. equity and debt. Total debt mainly comprises of current liabilities which represents - Packing Credit. The Company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets.

		March 31, 2025	March 31, 2024
Total equity excluding revaluation reserve	(i)	5.22	3.29
Total debt		50.04	12.65
Less: Fixed deposits liened (refer note 10)		0.01	-
Less: Cash and cash equivalents (refer note 9)		0.01	0.27
Total net debt	(ii)	50.01	12.38
Overall financing	(iii) = (i) + (ii)	55.23	15.68
Gearing ratio	(ii)/ (iii)	0.91	0.79

No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2025 and March 31, 2024.

(Amount Rs. in crores, unless otherwise stated)

49 Ratios

Sr. No.	Ratio	Unit	Formula	Particulars		31-Mar-25		31-Mar-24		Ratio as on 31-03-2025	Ratio as on 31-03-2024	Variation	Reason (If variation is more than 25%)
				Numerator	Denominator	Numerator	Denominator	Numerator	Denominator				
(a)	Current Ratio	No. of times	Current Assets / Current Liabilities	Current Assets= Inventories + Current Investment + Trade Receivable + Cash & Cash Equivalents + Other Current Assets + Contract Assets + Assets held for Sale	Current Liabilities= Short term borrowings + Trade Payables + Other financial Liability+ Current tax (Liabilities) + Contract Liabilities+ Provisions + Other Current Liability	27.31	14.37	7.94	2.82	1.90	2.82	-32%	The reduction in Net Working Capital reflects the impact of newly acquired operational bank financing, which was utilized to facilitate the company's revenue expansion during the year.
(b)	Debt-Equity Ratio	No. of times	Debt / Equity	Debt= long term borrowing + current maturities of long-term borrowings - Fixed deposit with banks (original maturity more than 3 months and upto 12 months)	Equity= Equity + Reserve and Surplus	50.03	5.22	12.65	3.29	9.58	3.84	149%	The increase in the Debt-to-Equity ratio is attributable to the acquisition of new federal debt to meet operational requirements, along with higher inter-corporate borrowings to finance the construction of new factory premises.
(c)	Debt Service Coverage Ratio	No. of times	Net Operating Income / Debt Service	Net Operating Income= Net profit after taxes + Non-cash operating expenses + finance cost	Debt Service = Interest & Lease Payments + Principal Repayments- Fixed deposit with banks (original maturity more than 3 months and upto 12 months)	4.90	51.99	4.84	13.68	0.09	0.35	-73%	The decline in the Debt Service Coverage Ratio reflects the impact of additional operational bank funding and elevated inter-corporate borrowings undertaken to finance the development of new factory infrastructure.
(d)	Return on Equity Ratio	%	Profit after tax less pref. Dividend x 100 / Shareholder's Equity	Net Income= Net Profits after taxes - Preference Dividend	Shareholder's Equity	1.94	5.22	3.18	3.29	0.37	0.97	-62%	Return on Equity has declined as a result of significantly higher fixed costs associated with scaling operations to meet demand across multiple locations.
(e)	Inventory Turnover Ratio	No. of times	Cost of Goods Sold / Average Inventory	Cost of Goods Sold	(Opening Inventory + Closing Inventory)/2	17.26	7.53	14.31	2.68	2.29	5.35	-57%	Inventory levels were proactively increased to ensure readiness for anticipated customer demand and to prevent stockouts.
(f)	Trade Receivables Turnover Ratio	No. of times	Net Credit Sales / Average Trade Receivables	Net Credit Sales	(Opening Trade Receivables + Closing Trade Receivable)/2	26.63	4.88	21.65	-	5.46	-	100%	The increase is primarily due to revenue growth during the year and the presence of trade receivables at year-end, which were minimal in the prior year.
(g)	Trade Payables Turnover Ratio	No. of times	Net Credit Purchases / Average Trade Payables	Net Credit Purchases	(Opening Trade Payables + Closing Trade Payables)/2	24.17	1.84	17.09	1.21	13.16	14.11	-7%	NA
(h)	Net Capital Turnover Ratio	No. of times	Revenue / Average Working Capital	Revenue	Average Working Capital= Average of Current assets - Current liabilities	26.63	9.03	21.65	3.76	2.95	5.75	-49%	Net Working Capital decreased as a result of new operational bank financing secured to meet the working capital needs arising from increased revenue during the year.
(i)	Net Profit Ratio	%	Net Profit / Net Sales	Net Profit	Net Sales	1.94	26.63	3.18	21.65	0.07	0.15	-50%	The increase in fixed costs, driven by the need to cater to demand across multiple locations, has led to a decrease in net profit, even with the growth in sales.
(j)	Return on Capital Employed	No. of times	EBIT / Capital Employed	EBIT = Earnings before interest and taxes	Capital Employed = Total Assets - Current Liability	4.30	5.22	4.88	3.29	0.82	1.48	-44%	Return on Capital Employed has decreased as a result of the additional operational bank financing and heightened inter-corporate funding allocated for the construction of new factory premises.
(k)	Return on Investment	%	Net Profit / Net Investment	Net Profit	Net Investment = Net Equity	1.94	5.22	3.18	3.29	0.37	0.97	-62%	The decline in return is attributable to the significant rise in fixed costs, along with increased funding from bank loans and inter-corporate borrowings.

50 Contingent Liability and commitments

	March 31, 2025	March 31, 2024
Bank Guarantees	0.01	-

The company has no capital commitment as at year end.

51 Segment reporting

The Company is engaged in only one segment viz 'Manufacturing of home textiles' such as patio mats, there is no separate reportable segment as per Ind AS 108 'Operating Segments'.

52 The Code on Social Security 2020 ('the Code') relating to employee benefits, during the employment and post-employment, has received Presidential assent on 28 September 2020. The Code has been published in the Gazette of India. Further, the Ministry of Labour and Employment has released draft rules for the Code on 13 November 2020. However, the effective date from which the changes are applicable is yet to be notified and rules for quantifying the financial impact are also not yet issued.

The Company will assess the impact of the Code and will give appropriate impact in the financial statements in the period in which, the Code becomes effective and the related rules to determine the financial impact are published.

53 Events after the reporting period

There are no significant subsequent events between the year ended March 31, 2025 and signing of financial statements as on May 21, 2025 which have material impact on the financials of the Company.

54 Approval of financial statements

The financial statements were approved for issue by the board of directors on May 21, 2025.

55 Previous year figures have been regrouped/ reclassified to conform presentation as per Ind AS as required by Schedule III of the Act.
